

UNVEIL TABLET TO FIRST PASTOR

MONMOUTH, July 20.—The Davidson-Murphy clan, descendants of old time residents of Monmouth, gathered here Sunday for a reunion and picnic on the Oregon Normal school campus. A feature of the day was the unveiling of a bronze tablet, attended by formal dedicatory service, commemorating the long and useful service of Reverend John E. Murphy, first minister of the first Christian church in Monmouth. The original church building stood on the present site of Jessica Todd hall. The tablet was placed near the base of a large urn occupying a prominent position on the dormitory front lawn. Reverend Murphy's donation land claim was one of five made by founders of the church, out of which the mile square comprising Monmouth's city limits was donated.

Lawrence Wells, grandson of the pioneer minister, and a member of the First Christian church of Vancouver, Wash., gave the principal address Sunday. Goldie Wells, granddaughter of Reverend Murphy and missionary for many years in the Congo country of Africa, spoke at the reunion service which commemorated the 78th anniversary of the founding of the first church in Monmouth.

This inscription marks the tablet: "In memory of John E. Murphy, 1856-1876, pioneer educator and minister, co-founder of the Christian college and first minister of the First Christian church of Monmouth which was erected on this site. This tablet is erected and dedicated by his descendants, July 14, 1935."

On the Farms Over the Valley

RICKEY, July 20.—Cherry harvesting is finished with only a partial crop with very few Royal Annes cracked but with some damage to the black cherries from the rain. The hot weather will shorten the loganberry harvest materially. Hay is being gotten in in good condition and will have much more food value than during the last few years due to the great amount of sun while curing. Grain cutting has started with some wheat exceptionally good and oats fair.
