**"I DIDN'T REALIZE THE FORD V-8 HAD SO MANY FINE-CAR FEATURES"**

**"IF I HAD KNOWN A FORD V-8 WAS LIKE THIS, I WOULD HAVE BOUGHT ONE MONTHS AGO"**

"It was a big surprise to me—this Ford V-8. I'd seen it on the road and heard some mighty fine things about it. But there was still a little doubt in my mind. I just couldn't believe a low-price car could be as good as that.

"Forget about price," a friend of mine said. "Things move fast in the automobile business and the Ford has stepped way out ahead. Look it over carefully and you'll see that it's different from every other low-price car. It's a new kind of car for Ford and for the whole automobile industry."

"So I decided to do the job right. I went over the Ford from bumper to bumper—studied every feature—took it out on the road and put it through every test I knew. Took my wife along, too, to get her views. And say—if you think I'm enthusiastic—you ought to talk to her! In every way, the Ford V-8 is far beyond our expectations."

Many other motorists—men and women—have said the same thing about the Ford V-8—"it is far beyond our expectations."

We'd like to have you drive it and see for yourself. Many distinctive features put the Ford V-8 in a class by itself in performance, comfort, safety, beauty and satisfaction.
