# SINCE END OF MA

NEW YORK, July 31. - (P)-Surging forward all along the line in the most active trading since the close of May, stocks for the second time this week marked

up new highs for 1935 today. Power and light shares led the procession, snapping the balance of the list out of a minor profittaking slump at the opening. The buying quickly spread to the rails and the great majority of industrials. For the list as a whole, ad-

vances outnumbered declines by 2 to 1. The Associated Press average for 60 stocks, with an advance of .5 of a point at 47.3, established a new 1935 peak to replace the

top of 47.2 registered Monday. The 15 utility stocks included in the average advanced 1.3 points, likewise to a new 1935 zenith, eclipsing the mark of 34.1 made at the beginning of the

In the stock exchange 1,918,-520 shares changed hands. This was the greatest volume of business, with two exceptions, this year. On May 28 the 2,000,000share line was crossed. Corporations had their cheerfull bits to add to the day's news grist. Westinghouse resumed div-

idends after a lapse since 1932.

Directors declared a 50-cent dis-

bursement. Directors of Deere &

Co., farm implement makers, ordered a 35-cent payment on its Preferred, against 20 cents paid in recent quarters. J. at 40 and Stone & Webster at 8 %. Improvement ranging from major fractions to a point or more to 1935 tops in oth, er sections of the list included
