

BAILEY IS TAKING ABERDEEN PULPIT

Floyd Bailey, director of religious education at the First Methodist church for more than two years, will leave late this month for Washington, where he will assume pastorate of the Aberdeen

Simpson avenue M. E. church and the Cosmopolis M. E. church. His work there will start September 1. The church congregation held a farewell reception for Mr. and Mrs. Bailey at the church parlors Wednesday night, with a large crowd attending.

Expressions of appreciation for Bailey's labors in behalf of the church were extended by heads of the various departments, and B. A. Newman, chairman of the official board, presented a purse as a parting gift from the church.

PROGRESS IS RAPID ON CHURCH TEMPLE

Construction of the Methodist Episcopal church Sunday school temple has progressed so nicely that expectations now are it will be in use on or before October 1. Dr. James E. Milligan, pastor, stated yesterday. Tentative date for the dedication has been set for October 13.

The temple, adjoining the church to the south and of the same architectural design as the main building, now has the roof on, basement rooms plastered and most of the windows in and doors hung.

The structure is now ready for the interior work, which will not be an ordinary plaster, but rather a gypsum product, weatherwood, with the walls to be finished in old brush ivory and the ceiling in light ivory. The wall and ceiling finish has both acoustic and insulation features. The temple is the first large building in the west completely furnished with this interior finish. Oak floors will be laid throughout the new construction.

SAFEGWAY STORES UNDER ONE NAME

Pay'n Takit Group Adopts Title of Others but No Change in Policies

Effective today, Pay'n Takit and Safeway stores throughout Salem will be "married" under the combined name of Safeway stores. George C. Solterbeck, district manager, announced here yesterday.

Managers of the local stores and Mr. Solterbeck declared that the change, while affecting the names of the stores, in no other major respect would change the local organization. The same number of stores will be continued in the city under the same personnel. Due to the change, prices in the Hollywood store in North Salem will hereafter be the same as those in the downtown stores.

The idea originally behind the separate divisions was that one group of stores should be of the "self-sell" type, the other of the standard service type.

Directors of the chains now feel that the two groups have served the varying purposes for which they were organized, and that it would be a move economical to customers as well as to the owners to weld the two together under a single name.

Operation under one name is expected, among other things, to simplify auditing, increase buying power, improve supervision and reduce delivery expenses. Savings derived as a result are to be passed on to purchasers.

In celebration of the occasion as a gesture of good will, huge cakes in the form of wedding

cakes are to be placed in each of the stores Saturday. All customers will be welcome to help themselves.

The union of the two groups of stores is said to be only one of the first steps in Safeway's forward stride for 1935. Material reductions in the prices of many items is scheduled to follow soon.

Lou Smith is manager of the newly-named Safeway store at Court and Commercial streets while Harold Bacon is vegetable supervisor of stores in this district and Charles Duval has charge of the market. Laron P. Griggs is manager of the store at 935 South Commercial street and Grant Pyatt is market manager there. F. A. Berkey is manager of the Safeway store at 1978 North Capitol street.

Disabled Vets Soon to Offer Benefit Dance

Disabled American Veterans of the World War, Salem chapter No. 6, announced yesterday that they would hold a benefit dance at Castilian ballroom Friday evening, September 6. There will be a presale of tickets and the proceeds will be used for local relief work. The dance will be open to the public, which will be asked to cooperate. No one but Disabled Veterans will have anything to do with the selling of the tickets, states E. F. Moore, senior vice-commander.

HOP PICKING PRICE ISN'T ESTABLISHED

No price for picking of hops in this section has yet been agreed upon, though one prominent grower stated yesterday the price to pickers will probably be 50 cents per box, which is equivalent to about \$1.20 per hundred pounds. Growers met at Independence recently and talked prices which would coincide with the above figures, though the Polk county meeting voted in the end to leave the price to pickers in hands of the individual grower. Wages for day labor were set at \$2.50, with more skilled labor to be paid in proportion to the day labor rate.

Show Block Re-Dressed After Blaze

SILVERTON, Aug. 8.—The Silvertown Palace Theatre block which was burned out some months ago is fast taking on a brand new appearance. The Leeward block, completed recently, now houses "Berger's", the former "Duck 'N' Swallow" restaurant. The Palace Theatre itself is being completed this week and will be one of the finest small theatres in the valley. Seating capacity has been arranged for 500. It has a beautiful corner entrance and the interior is modernistic in design. Pete Schmidt, a shoe repair man, and Gus Herr, barber, are opening in the Oak street spaces of the Palace Theatre building. Mr. and Mrs. Norman Kohn will open a coffee shop in the Water street side of the theatre building. The grand opening of the theatre will be at a pre-view Saturday night and Sunday. Alfred Adams is owner of the building.

Gold Quarter is Regained; Worth Near Dollar Now

The 25 cent gold piece reported missing from the deposit box of the state capitol cornerstone was found Thursday by Mrs. Florence Adams, an employee of the state department. The coin bore date of 1854 and was deposited by Mrs. Thomas Patton, then a resident of Salem. Coin quotations place its value at between 75 cents and one dollar.
