

# FIRM STAND ON STRIKES TAKEN

## Men Refusing WPA Jobs to Get No Other Federal Aid Says President

(Continued from Page 1)

objection to such workmen accepting other kinds of relief jobs, but that direct relief certainly would be refused those turning down employment on Hopkins' works progress project.

There have been many protests against the scale, which will apply to about 2,500,000 of the 3,500,000 jobs Mr. Roosevelt hopes to supply with the \$4,000,000,000 relief appropriation.

Mr. Roosevelt reiterated today his argument that the wages were the best that could be paid under the circumstances.

No Compulsion to Accept Relief Jobs

These jobs, he said, were intended to replace the dole because he believed direct relief was bad for the morale of the people. He added that work relief employment was supposed to be temporary, to last until private jobs were available, and that there was no compulsion on anyone to accept employment.

Johnson's refusal to recommend an increase in prevailing wages on the works progress projects he will direct in New York city precipitated a walkout there which labor leaders threatened would spread to numerous other large cities.

# Miller Sought in Modoc Lava Beds

KLAMATH FALLS, Ore., Aug. 9.—(AP)—Footprints left in loose dirt by a man seen fleeing into the hills bordering the Modoc lava beds were studied today as officers pursued their investigation into reports that Robert Miller, wanted for questioning in the slaying of Chief of Police Frank Daw at Dunsmuir, Cal., was in this locality.

The man was sighted by CCC boys.

# NOTICE OF SHERIFF'S SALE

By virtue of Mortgage foreclosure execution issued by the Circuit Court of the State of Oregon, for the County of Marion, in Case No. 29, The Federal Land Bank of Spokane, a corporation, plaintiff, vs. Henry Lewis, Gottlieb Gaub and Lidia Gaub, husband and wife, and Horticultural National Farm Loan Association, a corporation, defendants; there is pending and to be directed, I shall, on Saturday, the 24th day of August, 1935, at ten o'clock in the forenoon thereof, at the front door of the Marion County Courthouse, Salem, Oregon, sell at public auction for cash, all right, title and interest had and possessed by said defendants, on or since the date of execution of plaintiff's Mortgage, in and to the following described real property:

Beginning at a point 28.44 chains South 5° 10' West of the Southeast Corner of the D. L. C. of John Stipp and wife, in Township Eight, South Range Two West of the Willamette Meridian; thence South 5° 10' West 10.66 chains on the West line of Daniel Waldo's D. L. C.; thence West 29.50 chains to the Southeast Corner of R. W. Carey's land; thence North 10.02 chains; thence East 30.37 chains to the place of beginning, containing 30 acres, more or less, except from this tract 15 feet in width off the West end of said premises and extending the full length of said West end thereof, which is reserved for road purposes.

Also beginning at a stone monument on the West line of Daniel Waldo's and wife's D. L. C. No. 41, in Township Eight, South Range Two, West of the Willamette Meridian; thence South 5° 10' West 10.66 chains to the Southeast Corner of the land heretofore deeded to Wm. V. Hurst by Eva U. Hurst by deed which is recorded at page 410, Book No. 80, of the record of deeds for Marion County, Oregon; thence West 30.46 chains to a stone monument, the same being the Southwest Corner of the land heretofore deeded to William V. Hurst by Margaret A. Hurst by deed recorded at page 409, of book No. 80, of the records of Deeds for Marion County, Oregon; thence North 85° 37' East 10.02 chains to an angle iron driven into the ground thence East 31.07 chains to an angle iron driven in the ground on the West line of the said D. L. C. of the said Daniel Waldo and wife; thence South 5° 10' West on the West line of the said D. L. C. 6.59 chains, to the place of beginning, and containing 20.11 acres, more or less. Also a strip for roadway beginning at the Southeast Corner of the land owned by R. W. Carey, being part of the Sections Two, Three, Ten and Eleven, in Township Eight, South Range Two, West of the Willamette Meridian, in Marion County, Oregon, and including in North No. 2485, running thence North on the East line of said R. W. Carey's land 12 feet, thence Westerly parallel with the South line of said R. W. Carey's land 108 rods, to County road; thence Southerly 13 feet; thence Easterly 408 rods to point of beginning, all situated in Marion County, State of Oregon.

A. C. BURK, Sheriff of Marion County, Oregon.

EDWARD K. PIASECKI, One of Plaintiff's Attorneys.

Date of first publication: July 26, 1935.

Date of last publication: Aug. 17, 1935.

# Buttons Assuming Added Virtues in Hop Festival City

## INDEPENDENCE, Aug. 9—Buttont! Buttont! Who's got a button? Is the battle cry of the queen candidates for the second annual Hop Fiesta.

The cause of this intense interest in the button business is that the yellow and green buttons beginning to appear on the lapels of most of the residents each represent 1000 votes for some queen candidate, under a new plan adopted by the Fiesta committee Wednesday.

The official button, in addition to giving a queen candidate 1000 votes, also gives the purchaser free admission to all afternoon shows at the hop bowl, which means a saving for the buyer.

Buttons may be purchased from any queen candidate, at most of the business establishments and at Fiesta headquarters in the city hall.

# MANY PARTICIPATE, FIELD DAY EVENTS

(Continued from Page 1)

ta. Heat 4—Ronald Gillings, Jimmie Shade, Jackie Smith. Heat 5—Hilr Holland, Laurence Jorgenson, Elmer Jorgenson. Heat 6—Harold Holland, Darrell Howe, Glenn Brown. Heat 7—Orville Moe, Robert Kenyon, Robert Tompkins. Heat 8—Junior Curtis, Floyd Lavin, Walter Howe and Wilbur Cox, tied.

Potato race, girls: Heat 1—Laura Lewis, Donna Graham, Katherine Mae Cox and Clara Bench, tied. Heat 2—Cecilia Lamb, Mary East, Jean Dignam. Heat 3—LaVone Moffitt, Francis Hertz, Lorena Deacon. Heat 4—Maris Buisford, Emma Lov East, Barbara Ricketts. Heat 5—Lena Beck, Helen Bennett, Mildred Johnson.

Age Division Used in Olinier Meet Summary of the events at Olinier follows:

50-year dash: Senior boys—Earl Warren, J. Fowler, B. Townsend. Junior boys—Benson, Swingle, McCarrall, Intermediates—Bob Herr, Jack Watts, Ed. Salstrom, Midgets—White, Gillespie, L. Watts. Intermediate girls—Donna Mars, Shirley Smith, Ann Hoffert. Mid get girls—Jean Smith, Jean Hoffert, Audrey Tucker.

Egg and spoon race, boys: Juniors—J. Burris, R. Satter, N. Burris. Intermediates—Richard Satter, J. Mennis, M. Bowler, Midget—N. Breedlove, T. Thorason, J. White. Girls: Juniors—La Von Brundidge, O. Bauer, Mary Lou Green. Intermediates—T. Gilson, I. Batson, D. Mars, Midgets—A. Tucker, G. Kropp, E. Schofield.

Potato race, boys: Juniors—I. Breedlove, N. Burris, R. Lawless. Intermediates—Slick, J. Watts, Herr. Midgets—Warren, Breedlove, Watts. Girls: Juniors—La Von Brundidge, Octavia Bauer. Intermediates—D. Mars, A. Hoffert, I. Batson. Midgets—J. Smith, E. Lawless, A. Tucker.

Three-legged race, boys: Juniors—I. Breedlove and Jack Burris, Ned Burris and Cottine, Hartwell and Dalke. Intermediates—Tanaka and Lawless, Slick and Zeran, Herr and Hunt. Midgets—Prince and Landers, Satter and Watts, Busick and Smith. Girls, Intermediates—A. Hoffert and D. Mars; T. Gilson and R. Huley; D. Preston and D. A. Zeran. Midgets—E. Daniell and E. Lawless, Zeran and Hoffert, Tucker and Thorason.

Shoe race: Boys—C. Kuescha, Herr. Hoffert. Girls—Gilson, Brundidge, Ann Hoffert.

BUYING MUNITIONS WARSAW, Aug. 9.—(AP)—Ethiopia was reported today to be purchasing army supplies in Poland, especially uniforms. A group of representatives of the African kingdom is now in Lodz.

# The Call Board

ELSINORE Today—W. C. Fields in "The Man on the Flying Trapeze."

# PADÉ'S WINNER IN GREAT GAME

## Gilmore's Unorthodox Play Paves Way For Rally And 4-0 Victory

(Continued from Page 1)

heavy end of a double play that stopped a Parker spurge a-borning in the third and another fast double play, from Foreman to Kitchin to Adolph ruined Parker's hopes of a county rally in the eighth.

Padé's had two men on base in the fourth and the sixth, both times after Hill had gained a free pass, and both times Olinger popped up to Parrish to end the threat.

Only one of Parker's three hits got out of the infield and Gilmore struck out seven batters but walked four.

Padé's will meet Kay's in the city championship series Monday, Wednesday and possibly Friday of next week.

Score: B. H. O. A. Parker's 2b ..... 2 0 1 2 Parrish, 1b ..... 4 1 10 0 Elliott, 3b ..... 3 0 2 2 Meline, cf ..... 3 0 2 0 Weisner, rf ..... 4 1 1 0 H. Singer, p ..... 4 0 1 1 Keber, s ..... 4 1 1 3 L. Slinger, c ..... 2 0 1 0 Hunt, if ..... 3 0 2 0 Totals ..... 31 3 24 8

Padé's B. H. O. A. Kitchin, 2b ..... 4 1 3 6 Foreman, s ..... 4 1 2 2 Scates, lf ..... 2 1 1 0 Bone, cf ..... 4 2 3 0 Hill, rf ..... 2 0 0 0 Olinger, 3b ..... 4 0 0 3 Adolph, 1b ..... 4 0 11 1 Schnuelle, c ..... 4 1 7 0 Gilmore, p ..... 3 1 1 0 Totals ..... 31 6 27 12

Errors: Garbarino, Parrish, Keber, L. Slinger, Foreman, Bone, Two-base hits: Scates, Bone. Sacrifice hits: Scates, Double plays: Kitchin to Adolph, Foreman to Kitchin to Adolph, Bases on balls off H. Singer 3, off Gilmore 4. Struck out by H. Singer 1, by Gilmore 7. Umpires, Edwards and Kaley.

# NORTHWEST FOREST FIRES ARE SERIOUS

(Continued from Page 1)

broke out at the edge of the Clearwater national forest in North Idaho at 2 p. m. today. It was in Clearwater Timber company holdings. Flint said a large number of lumberjacks were available to fight the flames, and he had received no further report of its getting out of control.

Smoke has created a continual haze over the forest region, Flint reported, with small fires starting every day but promptly being stamped out by the alert forest service crews.

A report from Lewiston, Idaho, indicated 800 men were fighting a menacing slashing fire in that region to keep it from reaching green standing timber.

# DRAWING IS MADE FOR JUNIOR BALL

(Continued from Page 1)

land is the only one that has shown its strength against any of the teams in the playoff, having defeated The Dalles in an unofficial game last week. Although all teams worked out rigidly on the Legion park diamond today, Milwaukie is the only team familiar with the park. It defeated Mt. Angel here 7 to 4 last Sunday to win its way into the state finals.

Prizes for first hits, first extra base blows, first double plays and first home run have been put up by Woodburn merchants.

# Court Approves Four New Roads

Regular road day Friday found the county court approving establishment of four roads and rejecting two. Those approved were a road to the Aurora cemetery, a stub road off the Pacific highway near Hubbard, a road through the J. C. Duke, Frank Porcorne and the St. Paul and one connecting two county roads near Shaw. Those disallowed were a road near Turner and one near Victor Point.

# Mickey Mouse Club Notes

In person today—Mickey and Minnie Mouse—in the lobby as you come to the show. These live mice will do the famous Japanese twirl dance, Nadine Wickman and Doris Vincent have made costumes for them so you can tell which is which.

The special features are—the "Stooges"—novelty stage acts—chapter three of Buck Jones in "Roaring West"—Guy Kibbee and Alene MacMahon in "Mary Jane's Pa"—and also W. C. Fields in "The Man on the Flying Trapeze."

Quite a novelty show last Saturday—incidentally Bob, 3 r p, Blanche Hudson, Ruby and Bernard, Geo. O. King, "Chuck" Bier, Roy Cole, Dean Arehart, Doris Taylor, Frank Viseak, Glen Burritt, Ralph Wagers and Brad Collins. It contained everything from playing a saw, presenting a drummer, to dancing a clog.

My request for clothes for a family of eleven met with much approval and they were well taken care of. Thanks a million.

After the show today—I leave on my vacation—annual trip to Alki beach—located just outside of Seattle—yeh I figured you'd be sorry to see me leave.

In the postman's bag—letters and notes from: Marjean Stip, Ellis Lougheed, Joseph Reynolds, 254 N. 24th; Don Statham, 794 N. Summer; Mabel Wosik, 1220 Market; Vada Hill, 827 N. 20th; Ralph L. Steben, 248 N. Summer; Ida Riley, 121 Union; Thelma Van Doren, Emerson Van Doren, J. W. Linbaugh, W. R. Cross, 2195 N. 4th—just a few of the many.

I promise you—it's the best complete show we've yet been lucky to have.

So long—Zollie

# TRAIN HITS BOMB, BLOWN OFF TRACK

SPRINGFIELD, Ill., Aug. 10.—(Saturday)—(AP)—An Illinois central locomotive and six freight cars were reported blown off the tracks when the engine was believed to have struck a bomb planted in the right-of-way three miles south of here early today. Residents in the vicinity reported three members of the train crew were injured.

Two of the injured were brought to a hospital here. They were Ira Fitzgerald, fireman, and Wesley Westbrook, conductor, both of Clinton, Ill. Both were said to be injured internally.

The third man injured, W. H. Hoff, engineer, of Clinton, was not reported at any of the hospitals.

The blast tore up considerable track and disrupted traffic in both directions.

# WALLACE ORCHARD HAS BEST CROP SINCE 1926

The Paul Wallace 70-acre pear orchard on the Wallace road in Polk county will harvest 400 tons of fruit this year if present conditions hold, it is estimated. This is the best prospect since 1926. Last year the output was 250 tons. Picking will start about August 20.

# WHEAT RUN IS HIGH PLEASANTDALE, AUG. 9

From a 25-acre field in the J. A. McFarlane farm an average yield of 44 bushels of fall sown wheat per acre was threshed. Hauling flat to Salem from the same farm by trucks is in progress.

# NEW WHEAT GROWN WITH BIG SUCCESS

## White Holland in First Use At 'Howell, Grows Large Yield

NORTH HOWELL, Aug. 9.—Winter wheat of all varieties, is exceptionally good this year and thrashing with all machines has averaged about 53 bushels per acre. Small fields of summer fallow have yielded enormously with a new variety, the White Holland, which has been grown successfully at Amity for some years. White winter, White Eden and Kinney wheat all produced well here.

Winter oats have also been above the average. Pete Ditcher had a small field that ran 108 bushels per acre, and Joe May one of 100 bushels per acre. All this is encouraging news in the face of a very short spring grain crop.

Alfalfa Very Good Alfalfa is very good. Joe Bernat near Mt. Angel has baled his second cutting of alfalfa and many other fields are looking green and thrifty in spite of dry weather.

With the exception of loganberries all fruit has suffered from the excessive two days heat in July. Peaches, apples and prunes are all affected and are dropping badly.

Walnuts promise to be abundant. The trees were never so full of large well developed nuts with practically no blight. On the other hand, filberts do not seem to be well filled and there is a heavy drop. However, it is yet too early to be definite about filberts. One peach orchard on the Cline place near Pudding river, is full of fruit and the other one is nearly blank. The Wiesner orchard is also practically blank. Growers attribute this to the difference in the blooming period and that frost must have caused the result.

# SHORTER CROPS IN DAYTON CAUSED BY LONG DRY SEASON

DAYTON, Aug. 9.—Because of the unusually dry season many crops are shorter than are usual in this locality. The Hessian fly came in for its share of toll but fall sown grains of all kinds grown here are exceeding pre-threshing estimates and wheat yields of above 40 bushels per acre is common report with surprising high oats yields.

The spring grain blinding is in progress and indications are for heavy yields. Fruits and nuts are thriving with indications of good yields.

# APPLES AND PEACHES ARE BELOW AVERAGES

ORCHARD HEIGHTS, Aug. 9.—The hum of Jim Best's thresher is ushering in the grain harvest. Practically all former wheat acreage is now in orchards but there is an average or better yield of hay and oats. Apples, pears and peaches are below normal in many orchards but the walnut trees are doing their best to balance the budget.

# VARIED OUTLOOKS SEEN FOR PRUNES AND NUTS

FALLS CITY, Aug. 9.—The berry crops here this year were good, all but strawberries and they fell far below expectations. Cherries produced about the same as last year, while hay and grain crops are reasonably heavy. Prunes and walnuts seem to vary, some orchards show indications of a heavy crop while others are very light.

# COMPLETE THRESHING SUNNYSIDE, AUG. 9

Threshing has been completed in all the fields here, with a good yield of excellent quality wheat, and good yield of oats. The prune crop will be heavy in spite of a big drop now. Peaches are fairly good, pears uncertain and apples, fine quality.

# THRESHING STARTS LYONS, AUG. 9

This threshing of grain started in this vicinity last Tuesday. The John Neal machine began operation at the George Berry farm. The Julian thresher began with threshing on their place and at the L. C. Trask and M. Martin farms in Fox Valley. Crops are very good this season, the last rains having added considerable growth and filling of the spring sown grain.

# Seed Harvests in Independence Area Fourth of Average

INDEPENDENCE, Aug. 9.—A general survey of the harvests of crops in and around Independence for this season shows fruit to be average, hay crop, average; fall oats, normal; fall wheat, 80 per cent normal; spring grain, 50 per cent normal; seeds, 25 per cent normal; walnuts, 125 per cent normal, and filberts 75 per cent normal. Farmers anticipate a very good harvest of walnuts and filberts.

The hop growers report a good crop, but many of the yards are having trouble with the red spider. Many of the yards do not know whether they will pick their harvests due to the small price the markets are paying for hops.

# Swegle Has Clover Hay Crop Reaching Three Ton to Acre

SWEGLE, Aug. 9.—Fall grain is being threshed in the district. Some excellent yields of wheat are reported. One 19-acre tract averaged 70 bushels per acre while another large tract averaged 50 bushels. Fall oats are also turning out very good. Spring grains, however, are not doing well as it has been too dry in this district.

Clover hay was fairly good, the average yield being around three tons per acre or a little better. Prunes are rather scattered, there being a heavy crop on some trees and a light crop on others. The pear crop will be heavy and the prospects are also good for filberts and walnuts.

# Two-Ton Increase in Cherry Harvest in Santiam Region

NORTH SANTIAM, Aug. 9.—A shortage in hay and grain crops in this vicinity was considerable this season, due to extreme hot weather. More grain is being threshed and much hay put up as in preceding years.

Fall crops were fairly good and spring grain that was put in early. However, later spring grain in some places possibly reached the six inch mark.

A two ton increase over last year's pit cherry crop was reported. Cultivation of evergreen berries are yet to be harvested.

# WALLACE ORCHARD HAS BEST CROP SINCE 1926

The Paul Wallace 70-acre pear orchard on the Wallace road in Polk county will harvest 400 tons of fruit this year if present conditions hold, it is estimated. This is the best prospect since 1926. Last year the output was 250 tons. Picking will start about August 20.

# CORN FOR ENSILAGE IS UNUSUALLY GOOD

## Prune Outlook in Polk Held Uncertain; Picking is Month Off

DALLAS, Aug. 9.—Present indications are favorable for a very good walnut crop this year in Polk county. Trees are heavily laden and little blight has appeared. Corn for ensilage is another crop that is unusually good, as the dry hot days have not been detrimental to the growth of the corn.

On the other hand the red clover seed crop will be a very short one, the yield will be poor and in many cases will not be harvested at all.

Prunes Uncertain The outlook for prunes is uncertain, some orchards will have a normal yield, others 25 per cent and less. With prices undetermined, many with short crops are talking of leaving the fruit on the trees. The prunes will probably be ready for picking about the middle of September.

Alfalfa, grain and hay crops appear to be of a normal yield. The hop situation is considerably up in the air at the present time, growers not decided upon any definite course at this time, either as to picking prices, or if the crop will go unpicked if the market remains low.

Shrivingling Caused By Extreme Drouth Makes Light Wheat CLEAR LAKE, Aug. 9.—The strawberry crop was very light in the Clear Lake district but cherries made up by yielding a bumper crop. Cherry growers realized good returns. Loganberries were not so good as the yield was light and the price poor. One loganberry patch of five acres that yielded four tons to the acre last year had only two tons this season. The peach crop will be almost a failure this year. Filbert and walnut orchards are promising good yields in spite of the dry season.

Hay harvest is over except for the third cutting of alfalfa, which promises to be good. Hay yields were average on the higher land and somewhat better on the river bottoms.

# ONION CROP AT LABISH LOOKS HEAVY YIELDER

LABISH CENTER, Aug. 9.—The onion crop, which is the chief crop of this district, ranges from good to excellent, with prospects for a heavy harvest. Berry crops were heat damaged, yields being from fair to good. Hay was only fair; cherries were excellent, and there are prospects for a good filbert crop. All crops on the Hayes' farms are good.

# SCIP BELIES OLD IDEA

SCIP, Aug. 9.—In some localities in the Scio farming communities winter wheat is reported to have yielded upwards of 45 bushels to the acre, and the grain is said to be fully matured, plump and hard. Old-timers are pointing out that this is a splendid showing for a section that was reported "wheated to death" years ago.

# NORMAL BEAN CROP FOUND, AUMSVILLE

AUMSVILLE, Aug. 9.—Beans are being harvested in this locality. The crop is somewhat below normal for the early bush beans. The late beans give promise of a normal yield and picking will begin in most of the fields this week. The extremely hot days in July cut the hay crop somewhat short, but wheat which has been threshed has yielded a greater average per acre than in previous years. Donker brothers report wheat and oats yet to be threshed, as being much heavier crops than last year.

William Gray reports a bumper prune crop. Corn on the place with Everett Keizer in charge, is in excellent condition, and appears not to have been affected by the hot weather. Walnuts in this section bid fair to be a good yield, but filberts promise only about one-half the usual yield. At the John Smith ranch a normal crop of walnuts and a below average crop of filberts will be harvested.
