### Indict General

Adjutant General Denhardt

Arrest of Adj. Gen. Henry H. Denhardt, head of the Kentucky national guard, was ordered by Circuit Judge James M. Gilbert at Harlan, Ky., after an indictment charging criminal contempt against the guard officer had been returned by the Harlan county grand jury. General Denhardt has been the storm center of the controversy over the use of troops in the primary, Aug. 3, at Harlan where frequent violence, resulting in several deaths, has broken out at intervals.

culture, have also been received as members recently.

G. W. Potts, state president of the organization, gave the address of the evening, speaking on agricultural, political and economic matters.

Bethel local will entertain the Marion county convention in an all-day session on Saturday, Oct. 5. The president, Ralph A. Wilson, appointed as committee chairman for that day, Mrs. J. M. Nichols, refreshments; J. R. Carruthers, program; George E. Bahnsen, general arrangements.

### EXPECT 250 PUPILS IN MOLALLA HIGH

MOLALLA, Sept. 11.—A student body of approximately 250 is expected at Molalla union high school this year, according to Glenn Kirkwood, principal. The freshman class will probably number about 75. School opens Monday morning at 9 o'clock. Regular classes will be held during the day, except that the first hour will be devoted to registration. Students have been registering at the high school during the last week and a half. By Tuesday noon of this week, 105 students had registered. Registration will continue until Saturday. School hours this year will be from 9 a. m. to 3:35 p. m. These school hours were in effect during the latter part of last year.

A new system of student transportation will be put into effect this year, with three busses covering all but one of the districts sending students to Molalla. Last year there were no busses in operation, but in previous years one bus brought in most of the students. George A. Clarke will drive a bus that will serve the Clarke, Meadowbrook, Union Mills and Mullino districts. The northwest section, extending from Yoder to Mr. Clarke's district, will be served by Art Heath. Lauren Wroldstad will drive a bus that will transport students living between Yoder and Marquam. The district that is left out lies directly south of Molalla and includes the Teasel Creek, Russellville and Willholt sections. Residents of these districts insist that a bus be assigned to them, but the school board hasn't been able to decide what arrangements can be made.

### HONORS ARE WON BY CLUB MEMBERS

BETHEL, Sept. 11.—Under the excellent instruction of the leader, Mrs. Carmelite Weddle, the Bethel 4-H club members have made fine progress, and gave good accounts of themselves at both the county 4-H club fair and at the state fair.

Demonstration and judging teams at the state fair were: Werna and Wanda Froehlich, home-making; LaVerna Whitehead and Hilda Bahnsen, canning; Freda Bucureh and Jean Hain, home-making; Ila Mae Creech and Werna Froehlich, cooking.

Exhibits were made by the following: Hilda Bahnsen and John Bucureh, bachelor sewing; Lillian Hamrick, handwork; John Bucureh, vegetable garden; Coralee Nichols, Werna and Wanda Froehlich, Lillian Hamrick and Freda Bucureh, home-making; Hilda Bahnsen, room improvement, honey, ball special and canning.

Gertrude Froehlich, LaVerna Whitehead, Mary and Lois Hamrick, division I, canning; Lillian Hamrick, Coralee Nichols, Freda Bucureh, Werna Froehlich and Jean Hain, cake; seven entries in camp cooking.

Hilda Bahnsen won first place at the state fair with her fine work in room improvement, and John Bucureh was named as one of Marion county's outstanding 4-H club members.

### Hops Being Harvested Despite Lack of Help

MOLALLA, Sept. 11.—Although all the hopyards near Molalla are short of pickers, most of the growers have managed to keep large enough crews to get the hops harvested fairly well. One large yard, however, has only one picker, but pickers who will soon be through in neighboring yards have promised to go to this yard as soon as their present employers are through with them. A large number of Molalla people have joined the ranks of the hop pickers.

### Marion People Rent Farm to E. Myers; Move to Portland

MARION, Sept. 11.—Mr. and Mrs. Ralph Hartshorn have rented their farm east of Marion to E. Myers of Lebanon and are this week moving to Portland, their former home.

Wesley T. Ranck, who is employed in the order department of the Ames Harris Bag company of San Francisco, has been spending his vacation at the home of his sister, Mrs. Arthur Tucker. Genevieve Tucker held one of the lucky numbers on the flour given away by the Marion Farmer Union local at the state fair.

### To Mothers and Fathers of School Children

Before the rush of school opening, have your children's eyes checked. Faulty vision is a destroyer of children's happiness, comfort and their scholastic efficiency.

Bring them to us for a complete eye examination.
