

ACTION BY F. R. ASSURES STATE CAPITOL GRANT

\$3,500,000 Project Favored Despite Differences of Relief Officials

McNary Wiring Request for Consideration of Site Fund in Addition

Cheering news about the new state capitol reached Salem by mid-afternoon yesterday when long wires from Hyde Park, New York, brought word that President Roosevelt and officials of his relief organization were in accord that Oregon would be granted its \$3,500,000 application for funds for a new state capitol building. Of this amount 45 per cent will be an outright grant from the Public Works Administration.

The report set at rest reports that difficulties between PWA Administrator Ickes and Harry Hopkins, relief administrator, had upset the PWA program and resulted in the elimination of the state capitol project.

Senator Charles H. McNary, upon receipt of the word, expressed his pleasure. He said he was wiring at once to the president and to Mr. Ickes asking them to consider Oregon's additional \$750,000 application for a new site for the capitol as a part of the state's new statehood program. This application was scheduled to leave Portland today, being sent east by C. C. Hockley, state PWA administrator.

But Not Surprised
Governor Charles H. Martin in Pendleton yesterday said: "I am gratified although not surprised to hear of the approval, as President Roosevelt wired me the morning after the application was filed that approval was a certainty."

CLOSE IRON WORKS TO AVERT TROUBLE

MINNEAPOLIS, Sept. 12.—(AP)—A threat of military rule by Gov. Floyd Olson brought quick closing today of the Flour City Ornamental Iron Works, focal point of last night's rioting in which two persons were killed and others injured, three perhaps fatally.

Under police guard, 18 men who have worked, eaten and slept behind barricaded doors and windows at the plant since Sunday were removed as scores of spectators milled about the building. Its closing averted military control, for the time being at least, as the governor said he would invoke that measure only if the plant were not evacuated and sealed.

Late in the afternoon, however, as he and Governor Olson left the strike area, Adjutant General E. A. Walsh ordered mobilization of 125 national guardsmen in St. Paul to be held in readiness there in event they should be needed in connection with the strike.

Officers of the iron works, who before moving the men inside secretly, had obtained an injunction to prevent city authorities from interfering with their plan, offered no resistance to Mayor Thomas E. Latimer's evacuation order.

INGALLS SMASHES WEST-EAST MARK

NEW YORK, Sept. 12.—(AP)—Laura Ingalls, diminutive woman flier, landed at Floyd Bennett airport here tonight at 10:34 p.m. (eastern standard time) beating by a big margin the west-east transcontinental flight mark previously held by Amelia Earhart for women fliers.

Miss Ingalls' unofficial time was 13 hours, 34 minutes and 5 seconds, far under the 17 hours, 7 minutes and 30 seconds set by Miss Earhart.

She left Los Angeles at 8:44 (eastern standard time) this morning and was unreported from the time she passed over Albuquerque, N. M., until her black monoplane flashed over Floyd Bennett field at 10:15:05 p.m. (eastern standard time) tonight.

Fish Canneries Run Full Blast

ASTORIA, Ore., Sept. 12.—(AP)—Fish canneries were running full tilt today despite the marked decrease in salmon catches. The large haul of the first day of the season was still being taken care of.

The winter season opened Tuesday night.

BATTLE BEGINS AT ONCE AFTER HUEY IS BURIED

Allen to Remain Governor Till Term Ends; Will Appoint Senator

Over 100,000 Near Capitol as Funeral Held; Most Costly in History

BATON ROUGE, La., Sept. 12.—(AP)—Over the grave of Huey P. Long leaders of his political faction stood together in reverence and genuine grief tonight and then turned to struggle for his mantle.

In death Long held them united at his grave as he had held them in life but that probably will be the last time all of them will stand together. Too many of them have ambitions as his successor and none of them stands taller than the other.

The divergent paths the politicians took from their fallen leader's tomb may lead to the gradual disintegration of the powerful political machine created by Huey Long. It is the most powerful vehicle of its kind ever built in America. The head of it would have more power than any other governor ever dreamed of.

Control Private Affairs of Citizens
The laws passed by Long through his legislature made him the undisputed dictator of Louisiana's political destinies and ever reached out into the private affairs of the citizens. It holds power that is actually frightening and there will be a great struggle over its leadership.

For the time being, the leaders have agreed for Governor O. K. Allen to remain as titular head of the state government until his term expires next May. Governor Allen has accepted the assignment and George Wallace, long legislator.

Duck Hurler Gives Angels Only One Hit

LOS ANGELES, Sept. 12.—(AP)—Bill Radontis almost entered the hall of no-hit pitchers tonight when in the second game he guided the Angels to a single by Hudd and gave Portland a 7 to 0 victory. The Angels won the first game, 3 to 4.

Nino Bongiovanni drove in three runs with four hits in the second game. Herb Davis and Lloyd Lahli shared the pitching brunt for Los Angeles, the former being chased in the seventh inning after giving up ten hits.

The first game, played in an hour and 30 minutes, was featured by the heavy hitting of the Angels.

Ogleby's home run came with one on base. Errors by Cronin and Carson were contributing factors in the unearned Angels runs in the opener.

Portland 7 10 0
Los Angeles 0 1 1

CLAIMS SLAYER OF HUEY WAS CHOSEN

BISMARCK, N. D., Sept. 12.—(AP)—Former Governor William Langer of North Dakota tonight asked U. S. Senator William E. Borah of Idaho to "demand a complete and sweeping investigation" into the slaying of U. S. Senator Huey P. Long, Louisiana.

Langer made his appeal in a telegram to Borah at Boise. In his request, Langer termed Long "the greatest champion of the rank and file of the common people of the country who was foully slain."

"No one who has read the dictaphone story of the hotel plot to kill Senator Long but believes the killer was selected by lot," Langer declared. "Men high in authority in the United States were represented at that conference."

Loans to Indians Will Be Provided

SPOKANE, Wash., Sept. 12.—(AP)—Loans to Indians for homes, crop and livestock financing and other tribal enterprises will be available soon in the four north-west states, H. D. McCullough, who said he would open an office here as credit agent, reported today.

McCullough said he would receive applications and grant loans under an extension division of the United States Indian service.

MILITARY HONORS FOR STORM VICTIMS

There was some criticism of the cremation of the bodies of World war veterans who lost their lives in the Florida Keys hurricane, but they received military funerals if this picture is typical. COUNCIL SEEKS TO WIPE OUT GAMING

Police Committee Refused Access to Affidavits; Perry Asks Delay

Salem's council police committee, allegedly denied access to affidavits which Frank Perry, newspaper shop foreman, said Wednesday night would be made available, yesterday declared through its chairman, Alderman Walter Fuhrer, that "we are going as far as our authority permits."

"We are not a lawfully constituted body and can not call witnesses," Fuhrer explained. "But we are ready to turn over any evidence we secure to someone who has authority to call witnesses and demand testimony."

Fuhrer said Perry's employers yesterday stated the foreman was without authority to promise that affidavits assertedly secured to show up graft in connection with slot machines and other gambling, would be submitted to the police committee. The committee on their part promised a prompt shakeup in the police department if the evidence justified it.

16 BURN TO DEATH AFTER MINE BLAST

BARNESLEY, Yorkshire, England, Sept. 12.—(AP)—Trapped behind a wall of flame, 16 miners met an agonizing death after an explosion rocked the North Gawber colliery tonight.

Nine others were burned seriously.

The deadly blast roared through a 200-yard gallery in the mine, cutting off the men working at the far end.

One of the survivors, Donald Brook, who escaped with his clothing smoldering, described it graphically.

"I was working just below the place where the explosion occurred," he said. "Suddenly there was a boom. My electric torch was blown out of my hand and it was flung down in the darkness."

"A cloud of choking coal dust blew down the workings and everything was blacked out. I never thought I'd get out alive."

TEMPERANCE UNION ENDS CONVENTION

ATLANTIC CITY, N. J., Sept. 12.—(AP)—The Women's Christian Temperance union closed its first annual convention tonight with renewed resolve to recapture as many localities as possible while pursuing its ultimate aim of national prohibition.

Condemning legalized liquor as "a tragic failure," the convention adopted a resolution, declaring that pending national abolition "we will work for the largest possible prohibition units."

Mrs. Ida B. Wise Smith, national president, said that where local option campaigns were being conducted the union would give assistance.

Another resolution adopted appealed to citizens to require a plain, positive declaration for prohibition from the political party which sought their support.

WOMAN BADLY HURT
ROSEBURG, Ore., Sept. 12.—(AP)—Mrs. Mildred Robertson of Roseburg was seriously injured and three others were hurt in an automobile accident south of here last night.

Post-Graduates May Receive \$40 Month for Study

PORTLAND, Sept. 12.—(AP)—Assurance that financial assistance up to \$40 a month would be given college graduates desiring to continue their studies was given today by Paul T. Jackson, state director of the national youth administration.

First year graduate students will be allowed to earn a maximum of \$30 a month and second year students \$40, he said.

Such relief, Jackson stressed, will be entirely separate from the program for undergraduate college students.

MAYOR IS SOCKED AT LABOR MEETING

MINNEAPOLIS, Sept. 12.—(AP)—Mayor Thomas E. Latimer of Minneapolis, was struck by an unidentified assailant tonight as he left a labor rally at Eagles hall. The mayor's lip was cut.

The meeting had been called by the Farmer-Labor association in an effort to obtain a statement from the mayor of the riots of the preceding night at the Flour City Ornamental Iron Iron company, where two persons were killed and 30 injured.

While the meeting was in progress several men appeared and booted and hissed the mayor when he attempted to speak.

The attack on the mayor climaxed a heated session at which demands for his impeachment and expulsion from the party were made from the floor.

These demands were ignored by the farmer-labor officials conducting the meeting, but afterwards, with the adjournment of the meeting by the farmer-labor party, and assumption of the platform by labor groups, the demands were embodied in resolutions passed by a rising vote of the audience.

Mrs. Newell of St. Louis Heads National P.E.O.

YELLOWSTONE PARK, Sept. 12.—(AP)—Mrs. J. W. Newell of St. Louis, Mo., was elected supreme president of the P. E. O. Sisterhood at tonight's session of the 32d biennial convention.

Mrs. Newell succeeds Miss Mabel Davenport Doud of Aurora, Ill.

Mrs. Margaret R. Rominger of Los Beach, Cal., was elected first vice-president and Mrs. Chelle Stevens Wright of Denver, Colo., second vice-president.

Other new supreme officers included Mrs. Veda M. Jones of Portland, Ore., organizer.

GRAND JURORS FOR TERM ARE CHOSEN

Expected to Be Called Soon to Investigate Acts of Dan Kellaher

The grand jury which will investigate the relations of Dan Kellaher, ex-state parole officer, and L. A. Banks, former Medford publisher who is now serving a life sentence in the penitentiary, will be sworn in at 9 o'clock Monday morning and a foreman promptly selected, it was announced yesterday after names of three women and four men had been drawn from the panel of 31 names in the July panel.

On this jury will rest the responsibility of studying the alleged agreement between Kellaher and Banks whereby Kellaher was to receive \$50,000 for securing Banks' release from prison. It is expected the newly-picked jury will be continued into the October term if it is unable to report before October 5. The next term opens October 7.

District Attorney William H. Trindle, who is expected to call the grand jury into action soon, has intimated a probe of Kellaher's administration prior to the agreement also will be conducted.

Grand jurors selected yesterday are:

Mary E. Neitling, housewife, Stayton.

May Montius, housewife, Salem precinct five.

Gertrude F. Lobdell, teacher, Salem precinct four. (Turn to Page 11, Col. 3)

FOREIGN POLICY IS NOT HITLER TOPIC

NURNBERG, Germany, Sept. 13.—(Friday)—(AP)—Reversing an earlier announcement by Nazi party spokesmen, a high Nazi official announced early today that Reichsfuehrer Adolf Hitler will not deal with the Memel issue in his speech before the reichstag here today.

No word will be said on Germany's foreign policy, the official, who is authorized to speak for der fuhrer, added.

The session of the reichstag, called unexpectedly by Hitler yesterday, will be of only domestic significance and will last only a short time, he said.

Foreign correspondents were thrown into consternation when the official shortly after midnight declared the earlier version given them of the nature of Hitler's speech was all wrong.

The official expressed amazement that the correspondents had been wrongly informed by authorized spokesmen of the party.

UNITED STATES REMINDS ITALY OF PEACE PACT

Kellogg Treaty Cited but Not Invoked; Ethiopia is Also Addressed

Hoare Broadcasts Plea for Settlement; Policy of France Watched

WASHINGTON, Sept. 12.—(AP)—The United States reminded Italy and Ethiopia of the Kellogg-Briand peace pact tonight in a strong appeal against war.

Secretary Hull in a public statement said the American government asks those countries "which appear to be contemplating armed hostilities" to "weigh most solicitously the declaration and pledge given in the pact of Paris."

Officials emphasized, however, that it was not a formal invocation of the Kellogg treaty, in which signatories, including Italy and Ethiopia, condemned recourse to war and renounced it as an instrument of national policy in their relations with one another.

Invocation of the pact, they said, would have involved asking other nations to join in the appeal. But observers contended that for the United States, Hull's appeal had the same force as participation in a formal invocation and could secure added emphasis only by a simultaneous expression of similar views by other signatories.

Although Hull's action followed by only one day the strong Geneva speech of Sir Samuel Hoare, British foreign secretary, he told newsmen he had not discussed the question with the enjoys of any other government.

GENEVA, Sept. 12.—(AP)—Great Britain's foreign secretary pleaded with Italy tonight "in the words of a real friend" for a peace "that will do justice alike to Ethiopia's national rights and to Italy's claims for expansion."

CHANCELLOR FETED AT COLLEGE TOWN

CORVALLIS, Ore., Sept. 12.—(AP)—High praise for Oregon's higher educational setup and a condemnation of what were termed the four enemies of American democracy were voiced here tonight by Dr. Frederick M. Hunter, new chancellor of the state's school system.

"Oregon should be proud of her accomplishments along the line of education," Dr. Hunter told the audience at a banquet held in his honor.

He cited the four enemies of democracy as fascism, communism, a spirit of dependence and "a disregard of institutions."

Churches and schools, the chancellor declared, are the foundations of America.

The banquet marked Chancellor Hunter's first public appearance in Corvallis. He came to Oregon September 1, after resigning the chancellorship of Denver university. He succeeded Dr. W. J. Kerr, resigned.

Dr. Hunter declared the capitalistic system and its civil liberties comprise the two most valuable fruits of the democracy despite the "misrepresentation and threats to which both assertedly are subject during days of unsettled thinking."

Searching Plane Is Also Missing; Weather Stormy

FAIRBANKS, Alaska, Sept. 12.—(AP)—Herman Lehdahl and his plane, searching for pilot Arthur Hines and his three passengers, missing since August 19, was overdue and unreported at the aerial search base here tonight.

Although Lehdahl, who has been scouting the Dawson sector, failed to report, and stormy weather made radio communication impossible, fellow searchers hoped tonight that he had set down at Circle hot springs to await clear weather.

Fred Perry and Helen Vinson of Movies are Wed

HARRISON, N. Y., Sept. 12.—(AP)—Fred Perry, internationally famous tennis player, and Helen Vinson, movie actress, were married here tonight by Justice of the Peace Leo Mintzer.

The bride, a native of Beaumont, Tex., gave Hollywood, Cal., as her present address. Perry wrote in "Ealing, W. S. England," as his home. He said his birthplace was Stockport, Cheshire, England.
