## Pattern

It's the blouse and bodice that are bidding for first place in fashions' spotlight this fall, although skirts merit attention, too. Extremely youthful and distracting feminine, this bodice with its uplift line, gathered onto the high pointed skirt front, and pointed down in back to join the center-gathered skirt. Raglan sleeves are full, but train down into a slim, tight-buttoned cuff at the wrist. A crisp white pique, satin or taffeta collar is the smart contrasting touch, used to top this frock of satin, novelty crepe or sheer wool.

Pattern 2389 is available in sizes 12, 14, 16, 18, 20, 30, 32, 34, 36, 38 and 40. Size 16 takes 3 1/2 yards 29 inch fabric and 3/4 yard contrasting. Illustrated step-by-step sewing instructions included.

Send fifteen cents (15c) in coins or stamps (coins preferred) for each Anne Adams pattern, thirty cents (30c) for book. Write name, address and style number. State also.

## BIG ENROLLMENT IS FORECAST FOR W.U.

### Over 200 Freshmen to Sign Up Next Week; Transfer Lists Also Heavy

Over 200 freshmen, the largest entering class in history, are expected to enter the portals of Willamette university next week to launch themselves on their college careers, according to Dean Frank M. Erickson.

Applications for entrance to the local institution have shown a 15 per cent increase with well over 300 applications accepted. However, not all the students who apply for entrance will appear when the annual freshman conference opens Monday.

In addition to entering freshmen there will be about 50 newcomers entering in upper division classes as transfers from other colleges and universities. The number of transfers this year is greater than ever before.

Expect Over 600

Dean Erickson said the outlook for the coming year was unusually good and said he expected a total enrollment considerably over 600. Agitation over the proposed change of the campus from the present site to Bush's pasture will not be a disturbing influence on the student body, the dean believed, but added that it might add new zest to college life as developments arose.

Standardization of the law school, addition of a department of fine arts and giving the school of music standing as a professional school are the most important changes students will find this year, Dean Erickson stated.

Freshmen will enroll with the recorder before 9:30 o'clock Monday morning when they will be welcomed to the university by President Bruce R. Baxter. During the following three days they will be given placement tests, become acquainted with the campus and the faculty and register.

Other students will register on Wednesday and classes will get under way Thursday. Many of the former students are beginning to arrive in town and fraternities and sororities are being put in order for the "rushing" periods.
