For Smart Dress Informal Styles That Every Man Needs

Hart Schaffner & Marx Fall Suits

YOU can always count on Hart Schaffner & Marx to be first with the new things. Here are depicted two of the many smart models we are showing, illustrating the major style trends of the season.

One is toward the nonchalant, easy-fitting, loungy type which many of the best dressed men in the fashion centers now affect. The other takes its inspiration

from the continent where the best dressed men are partial to the trim, silhouette effect, which gives the appearance of added height and vigor.

They, like all the models in our fall collection from Hart Schaffner & Marx, are tailored with great care from fine, all-wool fabrics which give you long and satisfactory service. Come in and see what's new.
