

NEW PRINCIPAL FOR SCIO HIGH SCHOOL

Tumbleton Transfers From Gervais; Caldwell to Head Grade Division

SCIO, Sept. 12.—School bells will ring for approximately 200 students in the high school and grammar school Monday, Sept. 16. E. P. Caldwell, seventh and eighth grade instructor, will also act as principal of the grade school.

J. H. Tumbleton, who comes here after five years' experience at Gervais, will be the new principal of the high school. Tumbleton received his Bachelor of Arts degree in education from Pacific university, and has done graduate work toward his master's degree in education at Oregon State college. He will instruct in science and mathematics. Tumbleton will be at the high school from 9 to 12 a. m. and from 1 to 4 p. m. the remainder of this week to assist students in special problems.

At a school board meeting Monday, Sept. 9, Miss Frances Patterson of Albany was chosen to fill the vacancy in the high school staff caused by the recent resignation of Miss LaVerne Moe. Miss Patterson will teach typing, shorthand, sewing, physical education, and girls' athletics. She received her Bachelor's degree in physical education at Oregon State college in 1933, and has had a year of graduate work in secretarial science at that institution. She has had no experience in teaching. A salary of \$95 a month will be paid the new teacher.

Miss Bernice Newhouse will enter her third year as teacher in English and French. No Latin will be offered this year in the high school. Miss Newhouse will make her home with Mrs. V. J. Phillip.

Cecil Elder returns to Scio as boys' athletics coach and social science instructor.

High school time this year will be divided into six one-hour periods. Registration will be held from 9 to 12 a. m. Sept. 16. From 1 to 2:30 p. m. short classes will be conducted for the purpose of teachers' assignments.

Report cards this year will follow a new plan, there being a card for each subject. This system will greatly facilitate marking.

The Scio district will maintain two busses, as last year. Drivers, not yet definitely announced, will receive \$35 a month. A group of parents in the Riverview section rent a bus from the Scio district and pay for its maintenance.

Mrs. Melvin Wilson (formerly Blanche Johnson) will return to Scio to teach primary classes. She is also tentatively selected to instruct in music in the high school.

Miss Marion White will teach the third and fourth grades in Scio, as she did last year. She will make her home with her parents near West Scio.

Mrs. Gertrude Tarr is also retained in the fifth and sixth grades. She and Mrs. Wilson will make their home with the P. H. MacDonald family.

E. P. Caldwell will enter his ninth year as seventh and eighth grade teacher. He will also be principal of the grades this year.

All Scio teachers have received a salary increase of \$5 per month.

Rev. N. Sherman Hawk, pastor of the Federated Church of Hubbard, will take for his subject Sunday morning, "Prayer as a World Power." In the evening he will discuss "The Information Bureau."

Farm Union Booth at Fair Profitable

MARION, Sept. 12.—Marion Farmers' union local held its semi-monthly meeting on Monday night. The meeting was entirely given to business and committee reports. Mrs. Betty Kappauf's itemized report on the local's booth at the fair showed a net profit of \$75.78. Some of the food carried over from the booth was auctioned off by James Wilson. Final arrangements for the booth and program for the West Stayton festival necessitated much discussion. President Harley Libby reported the work toward the county unit rural electrification was progressing cautiously though satisfactorily, and that petitions are now being circulated.

The meeting of the sewing club for this week was postponed, as some of the members are at this time in the hop fields and prune orchards.

Mrs. Margaret Davidson found a black widow spider on the floor of her living room. She captured the intruder and it will be on exhibition in the Marion booth at the West Stayton fair.

Miss Irene Gross of Portland recently visited at the home of her grandmother, Mrs. Charles Lohren who is much improved in health.

School will not open here until around the 22d of this month to permit pupils to work in the hop yards and fruit orchards.

Mr. Andrews and Mr. Lawrence Torszewiler have started building a playshed which they plan to complete as soon as harvest work is completed.

Miss Mamie Vincent of Woodburn has been rehired to teach here. It will be her fourth year at this school.
