A League observers at Geneva, ascribing some of the credit for today's action to the initiative of President Roosevelt of the United States in coming out squarely and recognizing a state of war, said unquestionably a further coordination of action between the League and America would be sought as the situation develops.

\$1000 in bills, was secreted in the lot, as requested in the letter, and a day and night vigil was kept by authorities on the lot from vantage spots in apartment dwellings nearby. The vigil lasted for almost a month, and no attempt was made to collect the money.

Tonight, Matthews said, Janos appeared and went directly to the spot designated. He started digging and officers arrested him just as he brought out the bills.

Names of other men taken as suspects in the case were not disclosed by Matthews.

abled slim Tommy Bridges, curveball right-hander, to achieve his second pitching conquest after a thrilling struggle.

Coming after brilliant stand by Bridges, who stopped the Cubs cold in their half of the ninth after Stan Hack had opened with a triple to deepest center, the Gooses' wallop touched off one of the wildest home-town demonstrations any world series has witnessed since the renowned Walter Johnson pitched the Washington Senators to victory over the New York Giants at the nation's capital in 1924.

Series Receipts Are Well Over Million

Led by the sensational Billy Herman, who banged out three hits, including a home run in the fifth inning, and drove home all three Chicago runs, the Cubs put up a gallant fight to send the series into a seventh game. Scraping all the way, swinging from the heels against Bridges' fast ball, the National leaguers tied the score in the third, took the lead in the fifth and yielded only after giving the Tigers a last-inning scare.

The total series receipts, \$1,173,794, were the highest since 1926 and close to the record set at \$1,207,364 that year by the Yankees and Cardinals in seven games. One more game this year would have established an all-time high for the "gate" which again included \$100,000 for the broadcasting rights.

The record players' pool, amounting to \$414,507.60, will result in the biggest payoff of world series history for the contending clubs. Each member of the Tigers will get \$633.88, according to unofficial calculations, while each Cub share will amount to \$4,382.72.

Funeral Held For Mrs. Mary Skiff

Came to Oregon in 1853; Was Friend of Many in Marion County

Funeral services were held at 3 o'clock yesterday for Mrs. Mary Lucinda Skiff, 92, Oregon pioneer, who died in Los Angeles at the home of her daughter, Pearl Skiff, last Wednesday.

Mrs. Skiff, born September 19, 1843, in Asage county, Missouri, came to Oregon with her parents in 1853. She married the late Dr. Lansing Stevens Skiff, well known Oregon dentist, on May 1, 1859.

The Skiffs began their married life in Salem where Mrs. Skiff resided for 50 years, making thousands of friends. Visits to Salem by her friends in Jefferson, Marion, Turner, Stayton and other towns in Marion county were incomplete until they had called at her home.

Lived Near Mehama

Of the six children born to the family, three, Pearl Skiff, with whom she made her home, another daughter, Mrs. S. A. McFadden, Salem, and Dr. Mark Skiff, Salem, survive. There are several grandchildren and great-grandchildren also surviving.

Mrs. Skiff's parents, Isaac and Pauline Gardner, settled in 1853 on a farm near Mehama, Fox valley, Marion county.

Services were conducted by Dr. Guy L. DeHill and interment took place in the family plot in the Odd Fellows' cemetery.

France Agrees to Aid Enforcing Sanctions

PARIS, Oct. 7.—(AP)—France sent assurances to Great Britain today she would give her armed aid on land, at sea and in the air in case Britain is attacked while preparing to enforce League of Nations sanctions, provided the British would come to the aid of France in a similar emergency.

A French note to London fixing the conditions for aiding the British fleet if it is attacked in the Mediterranean during the Italo-Ethiopian conflict officially was described as bargaining for aid in similar circumstances involving Germany.

Girl Jumps Off Bridge, Falls 118 Feet; Lives

PORTLAND, Ore., Oct. 7.—(AP)—A 118-foot fall, partially blocked by telephone and power wires, resulted in serious injuries today to Jean McCracken, 24. She suffered a broken pelvis and internal injuries. Patrolman Seitzinger said that an eye witness, Ward W. Wells, told him that the girl had tossed her hat and shoes off the high bridge prior to jumping. She landed beside a concrete highway.

Neutrality Measures Independent Says Hull

WASHINGTON, Oct. 7.—(AP)—League of Nations steps toward economic sanctions against Italy today found the United States padding out a neutrality bulwark which Secretary Hull emphasized has been put together without the aid of advice of any other nation. The secretary, declining to talk about league steps, said the freshly posted warnings of American neutrality enunciated by President Roosevelt, were drawn up without consultation with either Great Britain or other members of the League of Nations.

Connecticut Towns Vote Against New Dealers

NEW HAVEN, Conn., Oct. 7.—(AP)—Republicans who injected the new deal as an issue in many Connecticut communities, tightened their hold in the rural areas today on the basis of early returns from the "small town" elections. Several democratic towns switched to the republican fold, among them Sprague which had been democratic about 20 years and West Haven which two years ago went democratic for the first time in nearly 40 years.

Thirty-Day Truce Agreed Upon in Milk Strike

CHICAGO, Oct. 7.—(AP)—A 30-day truce in the milk strike which has spread violence through half a dozen counties and cut Chicago's milk supply an estimated 50 per cent in the last week was tentatively agreed upon by representatives of the warring factions today. Governor Henry Horner announced that members of the Pure Milk association, the Associated Milk Dealers, Inc., and the United Farmers of Illinois, the striking group, will be asked to approve the truce and report in 24 hours.

Swedish Sources Say Ethiopia is Well Armed

STOCKHOLM, Sweden, Oct. 7.—(AP)—Private sources here reported tonight that Ethiopia, far from being unarmed, has 25 brand new German planes not yet in service, awaiting the actual defense against the Italian invasion. At the same time it was strongly rumored General Eric Vergin, Swedish officer who has been a political and military advisor to Emperor Haile Selassie, now is engaged in a secret mission for the emperor instead of returning to Sweden for his health, as had been announced.

Marine Flier Killed When Plane Crashes

LORDBURG, N. M., Oct. 7.—(AP)—A U. S. marine corps officer was killed and a mechanic severely burned when their plane crashed and burst into flames on a takeoff here late this afternoon. The officer, identified here as Lieut. Col. J. E. Davis, who was at the controls, was caught in the ship as it crashed and his body was burned beyond recognition.

Strikers Force Six Pottery Plants to Close

ZANESVILLE, Ohio, Oct. 7.—(AP)—A crowd of 1,000 pottery workers and Hocking valley coal miners forced six Roseville pottery plants, the principal support of the town, to close down today. The workers, seeking recognition of the potters' union, previously forced one plant at nearby Crooksville, another important pottery center, to close. They set up picket lines about the plants tonight.

and "some of them have never had a license." Taking a cue from 54 spectators in the gallery, none of whom offered to say a word, the council without discussion voted the 1935 city budget as drawn up by the budget committee and officially published. It increases city taxation by approximately 1 1/2 mills.

Two special committees were ordered appointed by the mayor, one to investigate past on plans for city employees and the other to report at the October 21 meeting on what should be done in the way of completing the Shelton ditch flood control system.

Aldermen Perrine, Daue and Wieder were named on the latter committee. The mayor said membership in the pension group to consist of one bank, one substantial taxpayer, an insurance actuary and one member each of the police and fire departments, would be announced later.

Church Makes Request

Request of the Seventh Day Advent church here for permission to erect a temporary wooden tabernacle at Cottage and Marion streets for use over an eight-months' period was referred by the city planning and zoning commission of which Hedda Swart is president.

them would average \$5 to \$10 a day. You could pay the player 50 per cent, the merchant 25 per cent and keep 25 per cent and eliminate your millage tax entirely or give the money to your water commission and you won't have to sell a bond."

Brown is Denied Injunction Again

Circuit Judge McMahan yesterday afternoon denied an injunction to Ellwood Brown, on the grounds that the case is not a proper one for an injunction. Brown is plaintiff in a suit against the city of Salem and city officials, and sought through the injunction to remove the city council's restrictions on operation of marble boards and pin games.

Brown contends, among other things, that he has been discriminated against by certain city officers in the matter of operation of his machines set up in Salem. A previous temporary injunction in favor of Brown was dissolved the latter part of last month.

City Attorney Kowitz yesterday filed a demurrer to the complaint, setting up that the complaint does not state facts sufficient to constitute cause for action.

Censor Board Proposal Is Frowned Upon Here; May Follow Portland

Plans of the Salem Woman's council to institute a local citizen censor board of motion pictures received a setback last night when the ordinance committee recommended to the city council that the bill introduced for the woman's group be rejected.

The committee suggested the present censor ordinance—which makes the police chief police matron and mayor the movie censors—be amended so as to prohibit showing pictures here not passed on by the Portland censor board.

Fool Ordinance Voted With Little Opposition

The much-disputed "fowl" ordinance sponsored by Alderman Fred A. Williams went through the city council last night to final passage by a 10 to 2 vote. Admittedly directed at the Marion Creamery & Poultry company, it prohibits keeping more than 21 chickens or other fowl in residential districts.
