

Experienced, Confident Hillsboro Team Coming Here Friday

Nine Veterans Oppose Vikings

Have Defeated Scappoose 20 to 0; Schulmerich Family Represented

When Coach B. M. Goodman of Hillsboro high school brings his grid team to Salem Friday night for a clash with the Vikings he will have the satisfaction of knowing that his team has experience and has shown this year that it is out to win.

With nine veterans of last year's team, which finished high in the Washington county league, on the starting lineup, Goodman will not be worrying about having a green team. The Hills grid-ers have played two games this season, defeating Scappoose 20 to 0 and playing to a scoreless tie with Rainier.

It is only when it has an exceptional team that Hillsboro schedules a game with the powerful Vikings, and this year the signs are that the Hills boys want to show the red and black something.

Wahner Dangerous
With the exception of the right end, Howell, and the fullback, Garfield, every man on the regular lineup is a letterman. Garfield, who was a reserve last year, has shown much promise in the backfield.

Schulmerich, last of a family that has supplied Hillsboro with outstanding athletes for a generation, is outstanding at tackle but the rest of the line is also a hard-charging bunch.

Wahner, left half, is the speed streak of the Hills backfield and with Garfield tore off most of the yardage in the Scappoose game. Abts, who calls the signals, and Torbet, right half, both turned in good blocking as well as doing their bit in advancing the ball.

Projects Talked By PTA Council

Organization May Change Its Name; Reception to be Arranged

Three important projects were considered by the Salem council of schools and P. T. A. representatives Monday night at the senior high school. One was the enlargement and change of name for the council, another the all-city reception to be tendered teachers, and the last, the school building program.

The two amendments to the by-laws will be voted upon at the next meeting which propose changing the name of the organization to "Salem school and community council," and enlarging the membership to include presidents of the various service clubs, the chamber of commerce, Salem Woman's club and like organizations, and the respective student body presidents of Salem high school, Leslie and Parrish junior high schools.

Reception Planned
Rev. George H. Swift presided at the meeting and named a committee to plan for the reception to be given teachers, officers and principals of all the Salem city schools. Mrs. David Wright was named chairman and her co-workers are William P. Ellis and Mrs. George R. K. Moorhead.

Superintendent Silas Gaiser explained the school building program, stressing the modernity of the elementary building to go up in South Salem which will replace Lincoln and Park schools. A resolution was adopted extending a vote of thanks to Don Upjohn, president of the Leslie P. T. A., for his efforts on behalf of the recent school bond election.

Active Club Here For Campus Site

Going on record as approving the purchase of the Willamette campus as additional ground for the new capitol site, the Salem Active club at its meeting last night swung into definite action behind the program by the appointment of a committee to contact other clubs in the state to present the proposition to them and seek their approval thereof.

A discussion was held upon all three suggested sites, following a talk on the subject by Jack Minto. A committee was appointed by President McClain to study the new community council, its aim and purposes and to recommend to the club whether participation should be taken in the newly organized group.

Struck by Car
JEFFERSON, Oct. 8.—A. L. Torrence of Salem sustained injuries Saturday night in front of the highway garage, when a trailer on a truck driven by Roy King of Sublimity struck him, throwing him against his own car. Torrence was parked close to the highway to repair a flat tire and stepped around his car supposedly in the way of the truck. He sustained a cut on the head and several broken ribs. He was taken to a Salem hospital by ambulance.

Last Drier Closes
ROBERTS, Oct. 8.—The prune season ended in this community last week. Some of the orchards yielded very heavy, and others not so good. The prunes ripened so fast on account of the season, they couldn't all be taken care of. The Carpenter brothers closed their prunes dryer down Saturday night.

The Bear and the Monk

By BURNLEY

LAST season's Rose Bowl contestants, Stanford and Alabama, boasted of a quartet of ends unsurpassed by any other wings in the land. Moscrip and Topping, of Stanford, and Hutson and Bryant, of Alabama, were all ranked among the most brilliant flankmen of the year. This season three of the four have returned to action in their final season of college football. The Stanford flanker, Bryant, a magnificent built fellow, standing six feet two and displacing 205 pounds on the scales, was definitely superior to the all-American Hutson last year in every department of play save that of pass-snatching, and even in that specialty the Bear was very little

Too Active Means Of Collection Hit

A credit manager has no right maliciously to take the goods of another to satisfy an account, the Oregon supreme court held Tuesday in a suit brought by Frank J. McCarthy, to recover damages of \$1500 from the General Electric company, the Graybar Electric company and A. Young, credit manager for the latter concern.

The opinion was written by Justice Belt with Justices Rand and Rossman dissenting. The lower court for Multnomah county held against the three defendants.

Justice Belt's opinion reversed the decree as to the General Electric company and affirmed the decree as to the Graybar Electric company and Young.

The testimony showed that McCarthy, an electrical contractor, had owed the Graybar Electric company \$10.16 over a period of several months. Young, in capacity of credit manager, went to McCarthy's establishment and demanded return of the goods over the protest of an employee. He afterward took a number of electrical switches and other merchandise.

It later developed that this merchandise had been paid for and was not involved in the account.

Letters Demand Three Labor Defense League Members be Released

Letters, postal cards and telegrams are arriving at the supreme court offices here in large numbers demanding the reversal of convictions in cases involving three members of the international labor defense league.

Persons involved are Kyle Pugh, Jackson county, sentenced to seven years in the state penitentiary; Richard DeJonge, Portland, two years, and Edward Denny, Portland, two years.

All three of the men were convicted of violating the state criminal syndicalism act.

Book is Thrown as Mike Lane Makes Eighth Trip To Court as Inebriate

Haled into municipal court for the eighth time this year on a charge of being drunk, Mike Lane was handed "the book" by Municipal Judge Jones Monday. Jones fined Lane \$45 and sentenced him to 30 days in jail for being drunk and disorderly. Lane's fine had been raised \$5 each time he appeared in court since Jones took office last January.

Ten dollars bail posted Sunday by two other men charged with being drunk—Frank Layton and D. L. Dantley—were declared forfeited yesterday.

Navy Limitations Told to Kiwanis

Addressing the Kiwanis club Tuesday noon, Dr. V. E. Hockett, first lieutenant in the naval reserve, said that naval officers are united in the opinion that the United States navy would be unable to carry on an aggressive campaign in Japanese or other distant waters because of lack of fueling supplies. The same is true, likewise, of foreign fleets, he said.

On the U. S. S. Mississippi, the most modernized of battleships, with a top speed of 21.6 knots an hour, Dr. Hockett made a cruise with the Pacific fleet from Bremerton to San Pedro last month. At San Diego he was transferred to the U. S. S. Saratoga, world's largest airplane carrier. The ship, he said, is 880 feet long and 106 feet wide, with a capacity of 72 planes, which can be landed on its deck in 35 minutes.

Dr. Hockett described firing at airplane-towed targets with the .50 calibre machine guns, night firing by five-inch guns with illuminating shells at a 5000-yard range and other details concerning the present-day navy.

Foreclosure Decreed in Silvertown Factory Case

Foreclosure decree in favor of the Portland Trust and Savings bank was issued yesterday against the Silvertown Food and Products company corporation at Silvertown. The decree includes foreclosure on mortgaged shells at a 5000-yard range and other details concerning the present-day navy.

Joe Dundee Wins

JACKSONVILLE, Fla., Oct. 8.—Joe Dundee, 160, of Beaumont, Tex., tonight knocked out Leo Bailey, also 160, of West Point, Ga., in the third round of their scheduled 10-round main bout here.

Capitol Financing Put up to Holman

The state board of control, at an executive session Tuesday, referred to State Treasurer Holman the task of preparing a financial plan in connection with the construction of a new state capitol building.

The federal government has authorized a grant of \$1,575,000 for the building, but the remainder of the \$3,500,000 must be raised by legislative appropriation.

Two important prohibitions will have to be considered by Holman in outlining the financial program. One is the six percent constitutional limitation and the other the constitutional debt provision. Under the latter amendment the state is prohibited from creating a debt in excess of \$50,000.

Holman's idea is to appropriate idle state funds for construction purposes, to be repaid from a small tax levy over a period of years.

Grand Jury Won't Report This Week

The Marion county grand jury which has been investigating gambling conditions here for the past 10 days, will not file its final report before next week, Ralph E. Moody, assistant attorney general, declared Tuesday.

Moody said that more than 50 witnesses had been interrogated by the grand jury and that others have been summoned to later this week. He indicated that the grand jury would recess late Friday until Monday morning.

Witnesses from all sections of Marion county have been questioned.

Clingman Wins In Clean Bout

Takes First and Last Falls of Lively Tussle With Hebrew From East

Otis Clingman came back to the armory last night and got a good start again, but becoming loath to let his hero number one who he downed the tricky Jerry Marcus, husky Hebrew, by taking the first and last falls.

Clingman and Marcus wrestled on even terms throughout the match which was unusually clean. Clingman, favorite of the masses, took the first fall in 13:40 with a spread eagle after buffeting the Manhattan matman all around the ring.

Things went the way of the Hebrew in the second stanza which ended when he slammed into Clingman from the ropes and pinned him for the fall in 9:10.

Marcus was doing most of the punishing in the last set-to and was all set to finish it with an airplane spin but Clingman came down on top and pinned the jittery Jew for the winning fall after 13 minutes of grappling.

Paddy Nolan, green robed Irishman with a wax mustache, took the final two falls from Mickey McGuire with boston crabs to win the semi-windup. McGuire took the first fall in 10:40 after a series of body slams. Nolan took the next in 8:40 and the last one in exactly one minute.

Herb Parks was awarded a victory over Totem Pole Anderson on a foul in the opener.

Bearcats All Out Of Hospital Now

Olson and Abbott to be Ready for Coyotes; Beard Improves

The Bearcat hospital list decreased to nothing yesterday as Dr. F. K. Power, university physician, released three athletes from the football ward at the Salem General hospital and Bill Beard, out since early in the season with a broken ankle, threw away his crutches.

Manfred Olson and George Abbott, both of whom suffered ankle injuries in the Washington State game, were back on their feet yesterday and Ray Barbee, guard from Pasadena J. C., was released from the hospital after having an appendicitis operation ten days ago.

Olson and Abbott will be in shape to play against the College of Idaho October 19 but Barbee will get no football this season. Bill Beard said he hoped to see action in the Thanksgiving day game with Whitman.

Allison Fearful Of Team Morale

BERKELEY, Calif., Oct. 8.—(AP)—The same squad which started against St. Mary's last week will open the conference next Saturday against Oregon, Coach Leonard Allison said today after watching the Bear yesterday scrimmage with freshmen.

The backfield of Meek, Fowler, Thomas and Ken Cotton will be used against the Webfoots, with the two Brittinghams at the flanks, Lutz and Carleton, tackles; Gilbert and Tenney, guards, and sophomore Bill Herwig at center.

Gene McAteer, third string tackle, was moved up to first today, replacing Carleton, who watched from the sidelines with a bruised left knee. Tackle Nordstrom also took the day off with a pulled chest muscle. Both players will be in shape for Oregon, however, Allison said.

"Practice looked plenty bad today," the head coach commented. "They must have eaten too many green apples or read too much about themselves. Practice today was the worst yet this season."

Meyer Resigns as Mentor at Xavier

CINCINNATI, Oct. 8.—(AP)—Joe Meyer, a Knute Rockne protege who didn't play college football announced his resignation today as athletic director and football coach at Xavier university, after 16 years in that position.

His successor will be another Rockne man, Clem Crowe, who has been line coach and head basketball coach at Xavier since 1922. Crowe's appointment was announced tonight.

Meyer's resignation is effective December 1. During the 16 years his teams have won 84 games, lost 43, and played seven tie games.

Grimm Confident His Present Team Will Win Next Year; Will Pay Fines Of Any Stuck For Moriarity Affair

CHICAGO, Oct. 8.—(AP)—Charlie Grimm is convinced his Cubs, as now constituted, can win the National league pennant next year and with added experience, the world's championship too.

"I am satisfied to stand pat on the present lineup," Grimm said today, "and intend to do it. I think the squad we now have is good for three or four years more, and I am going to string along with them. Of course, I would like to get another starting pitcher, but I will not weaken the club in other departments to make a trade to get one."

The Chicago manager, before boarding a train for his home in St. Louis, put his characteristic approval on his Cubs, even in world's series defeat.

"They are still all gentlemen, great big gentlemen so far as I am concerned," Grimm said. "They were nice gentlemen when they won, and they still are."

The only unfinished business of the world's series is the mailing of the players' checks, and a verdict, if any, by Kenesaw Mountain Landis, commissioner of baseball, in the Cub-Moriarity squabble.

According to official figures each Cub player will receive \$4554.58, including the radio money, while the victorious Tigers will get \$6574.08.

Grimm said that if any of his players are fined, he would pay the money out of his own pocket.

Grimm, Woody English and Tuck Stainback were chased by Umpire Moriarity for using gentlemanly language, according to the umpire. The Cubs charged Moriarity with cursing them.

Orthodox Game is Chucked by Jones

Obvious Strategy Not so Good as in Days When He Had Big Stars

LOS ANGELES, Oct. 8.—(AP)—Coach Howard Harding Jones of Southern California, whose football team is toiling up the comeback trail, has taken the restrictions of orthodox football off the quarterbacks.

Strictly speaking one of the most conservative coaches in the business, Jones has taken off the shackles as the team swings into its inter-sectional clash with Illinois here Saturday and as tough a schedule as any eleven in the country faces thereafter.

Even in the peak years when it had national championship eleven, Troy made touchdowns the hard way, depending on its power plays to gain yardage on the first two downs and limiting its passing and punting to the third and fourth downs.

It was obvious football, but the manpower with Ernie Pinkert, Tay Brown, Ernie Smith, Aaron Rosenberg, Gus Shaver, Stan Williamson and the rest carried it through to success.

When the walls of Troy fell last year the system collapsed with it. An immediate about face was impossible but indications from Southern California's victory over College of the Pacific Saturday are that at least partial success will come of the change this season.

For the first time in seasons the balanced line is being used on some running formations. A threat is being developed with a man in motion plays. And the quick kick has been restored to good standing.

And to the surprise of everyone, including, perhaps Coach Jones, a Greek but not reverse English on Trojan mythology personally leading the war horse on the trail back up.

He is Nicholas M. Pappadakis of Seattle, who could get no farther than third string quarterback on the freshman squad a year ago. Pappas, as he is listed on the roster, got his chance when the first three Trojan signal callers were sent to the sidelines with injuries.

Party of Four Returns From Deer Hunt; Every Man Brings Back Game

With a deer apiece to attest their prowess as hunters Dr. C. G. Robertson, Asel Eoff, P. D. Quisenberry and Breyman Boise were back in town yesterday after a week's hunting trip in southeastern Oregon.

Banquet Fetes Roaring Tigers

Dignitaries Yield Center Stage to Heroes of Great Series

DETROIT, Oct. 8.—(AP)—Those brand new champions of the baseball world, the Tigers of Detroit, pulled their chairs to the banquet board tonight for a "Cub Steak" victory feast, an event that has been 50 years in the making.

The baseball ghosts of two former Tiger managers, Hughie Jennings and Ty Cobb, and many an aging and fat diamond hero of the past, hovered over the banquet a little enviously, probably cheering themselves hoarse like everyone else in this baseball mad town.

The victory dinner was jammed by all those who had \$5 for a plate and the strength to squeeze in, and who in Detroit tonight didn't have \$5. This old fur trading post, still nursing an awful headache after one of the wild-cats' scalp after one of the wild-cats' scalp, most illustrious world's series celebrations ever known, bet its shirt on the Tigers to take Chicago, and the shirts can back all done up in vest, coat, pants, tie and derby.

There was a governor and a mayor and dozens of other dignitaries from official life with bouquets of nice words for the victors, but they played second fiddle to the newly crowned champions of baseball.

The \$5 plate holders could see, outstanding in the throng, the smiling old gentleman with the bald head who had thought he could never smile again—Frank J. Navin, president of the Detroit Baseball company.

For 32 years he held the purse strings of the Detroit Tigers, waiting and hoping for a world series winner.

Gonzaga Awaited By Beaver Squad

CORVALLIS, Ore., Oct. 8.—(AP)—The beaming and running attack, particularly a line smasher, were stressed as the Oregon State football team resumed heavy drills today for the game here Friday night against Gonzaga.

Bob Mountain was the best ground-gaining back in the game against University of California at Los Angeles, while Joe Gray showed superb passing form. Those two sophomores, and a third first year varsity man, Lynn Jackson, all will see action against Gonzaga.

The continual hammering of the hefty UCLA Bruins produced a last-quarter victory over the Beavers who depend on sophomores in key positions. However the Beavers showed promise, and unleashed a powerful offensive.

Ed Strack at guard, Ken Deming at center, and the ends won considerable acclaim. The center of Oregon State's line was strong both offensively and defensively.

Firpo Knocked Out

AKRON, O., Oct. 8.—(AP)—Henry Firpo, New York heavyweight, was knocked out by Paul Pirrone, Cleveland, in the third round of their scheduled ten-round encounter tonight. A hard right to the body near the heart, sent Firpo to the canvas.
