Move Will be Part of Big Educational Program at Silverton

SILVERTON, Oct. 17 — For two days the city of Silverton will be in the hands of youth, if plans formulated at a meeting Tuesday night are carried out. All city officers, all officers of the Silverton chamber of commerce and all officers of the local Parent-Teacher association will resign and new ones from the boys and girls of the high school will be elected to serve in their stead.

This will be but a part of the program for national educational week observance at Silverton. For the first time in the history of its observance here, the American Legion post came to the fore with offers of assistance in sponsoring the event. Serving on the committee from the Legion are J. J. Lewis, James Scarth, Roy Davenport and W. Scarth.

This committee contacted the auxiliary, the Silverton Parent-Teacher association, the chamber of commerce and the school faculty. One combined committee was formed to take charge of the week. This committee consists of J. J. Lewis, Mrs. Lee Alfred, Mrs. C. E. Jaqua, Mrs. Otto Alm, Mrs. William MacNeill, Mrs. R. B. Duncan, Mrs. J. C. Schlador, Mrs. Roy Davenport, Herman Cramer, James Scarth, W. P. Scarth, Harold Davis and Robert Goetz.

In turn this committee will appoint other committees to assist. An art poster contest has already been begun. The winning poster will be given a prize. Entering are students in Miss Esther Wilcox's art class in the senior high school.

Enrollment is 107  
SCIO, Oct. 17.—Total enrollment in Scio high school has reached 197, the highest for the past three years, according to Principal J. H. Tumbleson. Girls enrolled number 64 and boys 43. Fourteen of the students this year are transfers from other schools. One student has been lost by transfer to Albany.

**Mayors Slated as Eagle Neophytes**

SILVERTON, Oct. 17.—Mr. and Mrs. Frank Marshall of Salem were honor guests at the Tuesday night meeting and supper held by the Silverton Order of Eagles. Mrs. Marshall is secretary of the Auxiliary of Oregon and Mr. Marshall is president of the Willamette circle. Over one hundred were present at the meeting.

Arrangements are being made to attend the big jamboree and initiation to be held at Portland October 23. Three mayors will be initiated at this time, Mayor E. W. Garver of Silverton; Mayor V. Kuhn of Salem; and Mayor Joe Carson of Portland. Two police judges will also go in at the same time. These include: D. E. Long of Portland and George Custer of Silverton.

R. J. Baldwin, secretary of the local order, has set a goal of 400 members for Silverton for the 1936 state convention to be held here in June. Of this number 173 members are already pledged.

The local group are displaying their new red, white and blue caps at various meetings now. The Eagles will also hold a dance at the Silverton armory each Saturday night.

**MODERN BEAUTY COLLEGE**  
TUITION SCHEDULES NOW EFFECTIVE

It has always been customary in beauty schools throughout the country to make a flat tuition charge for the complete beauty course, which amount is divided up equally in monthly payments in order that it might be easier for the students to pay their tuition.

According to the actual cost of training students, however, the tuition rate would be based on an entirely different principle, due to the fact that students are a great expense at the beginning of their course and automatically become no expense to the school as they are trained, but on the contrary, are of value to the school during the last part of their training. For this reason we have herewith outlined two tuition schedules under which enrolling students may take their choice when entering school. Schedule No. 1 is outlined so as to correspond with the actual cost of training to the school and for this reason the student pays a larger tuition charge during the first part of the course, and after three months of training or after she has ceased to be an expense of the school there is no further tuition charge, and the student in turn receives \$15.00 monthly as commission for her work during the balance of the eight-months course. Schedule No. 2 is outlined in the customary manner for those who cannot afford to pay large tuition payments at the first of their course and who in turn are willing to sacrifice any income during the latter part of the course as reimbursement to the school for the loss sustained by the school during the first part of the training.

Schedule No. 1 — . . . . .  
Tuition charge for first month of training, \$50.00;  
Tuition charge for the second month of training \$40.00;  
Tuition charge for the third month of training \$35.00.

After the first three months of training there is no further tuition charge. The student after the first three months of training and during the entire balance of her eight-months course receives \$15.00 per month as commission on her practice work which amount is payable in weekly installments to the student and is paid each week throughout the entire balance of the eight-month course.

Schedule No. 2 —  
Tuition charge for the entire eight-months course \$60.00, which amount is payable at the rate of \$2.00 per week in equal monthly installments.

Students transferring from any other state-approved school may enroll under Schedule No. 1 according to the amount of training they have previously received and may receive full credit for the time they have spent in the first school. For example: A student enrolling who has already received three months of training might commence without any tuition charge and immediately receive a commission of \$15.00 per month during the balance of her course.

All students are entitled to the free placement service maintained by the schools and are entitled to preference of employment in any shop or salon operated by the Modern Beauty Company, Inc., or the Ogden Beauty Company, and from this service the larger percentage of our graduates are placed in well-paying positions.

All graduates are also entitled to free post-graduate training at any time, training in shop management, and advisory service as well as special discounts on standard makes of equipment for those desiring to enter business for themselves.

The Modern and Hollywood Beauty Colleges are state licensed and state approved and are bonded for the protection of students and to insure each student of the fulfillment of contracts with them. All students enrolling under Schedule No. 1 will be given signed contracts by their respective schools to guarantee that all commission due them during the last five months of training will be paid them in the manner herewith designated.
