Pattern

By ANNE ADAMS

There's return to femininity and slim-lines in a frock the matron can so easily make for herself. Designed to slenderize, even a forty-six won't be conscious of those "hard to lose" extra pounds.

Each dressmaking step has been simplified, allowing you to cut the deeply pointed yoke and noomy short sleeves all in one piece and there's nothing difficult about the skirt seams, either. Let the fabric decide the life this frock is to lead, for it makes an ideal house frock in percale or broadcloth and in a novelty synthetic, a most feminine "at home" frock when friends drop in for tea.

Pattern 2516 is available in sizes 34, 36, 38, 40, 42, 44, 46, 48. Size 36 takes 4 yards 36 inch fabric. Illustrated step-by-step sewing instructions included.

Send fifteen cents (15c) in coins or stamps (coins preferred) for this Anne Adams pattern. Write plainly name, address and style number. Be sure to include stamps.

Order your fall and winter edition of Anne Adams patterns book! You'll be thrilled with the smart designs, 18 pictures—clothes for all occasions.

... for all your family. Adorable, easy-to-make Christmas gifts, too.

And helpful advice on being the charming, perfectly-groomed woman. A book you'll love and consult frequently — all season! Price of book fifteen cents. Book and pattern together twenty-five cents.

Every Home in Salem to Receive Package — With Home Guide to Fewer and Shorter Colds, and Proof From Clinic Tests

OVER 14,000 IN TESTS

Show How School Absences Caused by Colds Were Cut Almost Half (40.20%)

Mothers in this vicinity will welcome the free trial packages of Vicks Colds-Control Aids now being distributed to every home here.

These free packages not only bring you Vicks Vapo-rub, unique aid in preventing colds, and Vicks VapoRub, modern external method of treating colds — but they also bring all the information you need to follow Vicks Plan for Better Control of Colds.

5,118 Children in School Clinics

The Plan was tested in three series of clinics conducted over a period of three years, among 14,702 people. These tests indicate gratifying results in fewer, shorter and milder colds for those following Vicks Plan.

Especially interesting to mothers are the results from the clinics among 5,118 school children.

Children following Vicks Plan lost 40.20% fewer days from school on account of colds.

Naturally, results varied with different groups. Some groups made even higher records—savings up to 75.30%. The saving of 40.20% was the average for all groups following Vicks Plan.

Prove It In Your Family

In your own family group, too, individual results from Vicks Plan may vary. But the high average of its success in these clinics suggests its very real possibilities for your household—possibilities that only your thorough trial of the Plan can disclose.

That's why this trial package with details of the Plan, and samples of Vicks Aids & Better Control of Colds, is being sent to your home. Test the samples—follow the Plan — then watch results!

If you fall to get your free package until the next few days, write to Vicks, 403 Milton Greensboro, N. C., and one will be sent to you, postpaid, by return mail.
