

# Measure Setting Pension Age at 65 Years Passed by Senate

## Salem Bonding Bill Has Okeh

### Amended to Provide Vote; Townsend Memorial is Coming up Today

The senate moved under slow bell Thursday, waiting for action of the conference committee and the house on SB 54, the capitol bill. It did pass the Bynon bill, SB 43, for old age pensions which reduces the age limit from 70 to 65 years and transfers the load from the counties to the state. SB 65, by Bynon and Wallace was also approved, correcting the laws to enable the state to receive federal grants under the social security act. Two bills remain to be considered under the social security program, for aid of blind and of dependent children.

Only three opposed the pension bill: Duncan, Steiner and Walker. Duncan objected to passing the bill unless provision was made for revenue for meeting the cost. He said he would vote for it if the house would provide the funds. Senator Lee objected to the transfer of the burden from the counties to the state, saying that the counties should participate up to 25 per cent.

Senator Bynon said the bill had been amended to suit the views of conflicting interests and had the support of county courts.

### Zimmerman Objects

On SB 65 Senator Zimmerman objected to the appointment of four members of county relief committees which administer the pension funds, saying it was unfair to county courts. He was the only one to vote against passage of the bill.

The senate passed SB 56 by McKay, an enabling act to memorialize Salem to issue bonds in aid of the capitol, after the bill was amended requiring a popular vote.

Stringer's bill to limit retirement pay to professors in state institutions to \$1500 was indefinitely postponed.

Today the senate will take up at 10 a. m. the Pearson bill giving the board of control power to insure state buildings up to 70 per cent value.

### Townsend Memorial Up

Also before the senate will be the adverse report of the judiciary committee on the senate memorial favoring the Townsend plan for old age pensions.

Other bills passed on third reading in the senate were: SB 60, by Wheeler—To enable cities of 5000 or more population to erect memorials and memorial buildings for the use of pioneer associations and United States war veterans upon property dedicated at public parks.

SB 74, by Hess—To make bonds issued by school districts conform with federal requirements, and declaring an emergency.

SB 61, by Wheeler—Relating to the erection of memorials and memorial buildings.

SB 59, by Wheeler—To authorize county courts to appropriate money for construction and maintenance of pioneer monuments and memorials.

HB 18, by Bynon—Appropriating \$30,000 for the operation of the bus and truck division of the state utilities department.

HB 13, by roads and highways committee—Authorizing state utility commission to collect certain fees for tariffs.

HB 28, by food and dairies committee—Increasing poundage fee on milk handled under state milk control board.

## The Call Board

**GRAND**  
Today — "Welcome Home" with James Dunn  
Saturday — "The Black Room" with Boris Karloff.

**ELSINORE**  
Today — Double Bill, Kay Francis in "The Goose and the Gander" and Edward Everett Horton in "His Night Out".

**CAPITOL**  
Today — Double bill, Patricia Ellis in "The Case of the Lucky Legs" and Bill Boyd in "The Eagle's Brood".

**STATE**  
Today — Roger Fryor in "Straight from the Heart." Saturday only—Bob Steele in "Western Justice".

**HOLLYWOOD**  
Today — John Wayne in "The Dawn Rider".

## Legal Dispute To Face Court

### District Attorney Bills, Poor Relief, Health Items Disputed

(Continued from Page 1)

budget, the committee set down \$2440, the same as last year and \$30 less than the office requested, with suggestion that this might be changed at the next meeting. Hewlett estimated it would probably take half the \$300 rent paid in the present quarters in the U. S. National bank building to fix quarters for the district attorney in the courthouse. The budget committee did not question the matter of salary payment for the stenographer, holding with the office that it would cost the county a great deal more each year if he had to call a special stenographer in intermittently for county services.

Considerable discussion arose during the afternoon also over the \$50,000 budget item requested for the poor account. Hewlett proposed that \$20,000 be eliminated from this item. Melson's consistent support of the full \$60,000 item brought from Hewlett the demand, "Are we going to coddle and waste money (the poor relief cases) forever?"

Hewlett contended the reduction could be made in view of the large amount of building activity in the office in Salem, but Melson urged extreme caution because "the government is going to discontinue relief to unemployed and 544 now on federal aid may be thrown back on the county, plus the 250 we are carrying now. Melson pointed out that the \$50,000 allotted for this purpose for 1935 was exhausted at the end of seven months, and that it would be a pinch to get through on \$60,000 next year.

With these divergent views, the judiciary committee members asked for time to study this budget item further, and the matter was tabled until today.

Though the tax collecting department of the county sheriff's office asked for a \$2098 increase in its budget over the current year, the committee held the item to \$13,868, a decrease of \$20 over 1935, holding that this item can later be increased 10 per cent if necessary and that new equipment sought by L. E. Nett, chief deputy tax collector, for this office can be purchased if certain other items are eliminated from the budget for this department. Nett pointed out that changes in the state tax laws in recent years have fully doubled the labor in that office.

### County Agent Now Has Farmers' Support

In contrast with former years when attempts to get a county agent were vigorously opposed by farm groups, this year farmers are ready to approve the office and urge adoption of its budget. F. B. Simpson of Jefferson, member of the county wheat board, said the county agent was a great asset to the farmers and would be in the future be made one of the most important offices in the county. J. O. Farr, master of Pomona grange, endorsed the office and the budget, which was explained to the committee by William Teutsch of the state college.

With Hewlett voting no and all others yes, the budget for the county health department was approved after an item of \$500 for an additional nurse for five months was deleted. Dr. Vernon Douglas explained the work of the health department. Hewlett asserted there was a duplication because the county also had a county physician and favored wiping the health department out altogether. The Rev. George H. Swift, president of the Marion county public health association, urged continued support of the health service.

The committee placed \$10,595 in the budget for the county assessor, the same as allowed for 1935, and also approved \$13,200, the same as 1935, for the two departments of circuit court. Request of the county coroner for \$800 was reduced to \$700, the same as this year; the county court was budgeted \$5405, the

it was recalled for consideration. Representative Barnes moved the adoption of the report and the speaker immediately put the motion before any debate could be had. On a point of order being raised debate was permitted.

Representative Fuhrer opposed the motion, charging that the "skids constituted" and that Salem was being crucified by even considering taking the capitol to the Candalaria site.

"Even if the governor has his heart set on it," Fuhrer asked, "because the whip is cracked must you go on? What has happened to change your minds over night?"

"I have gone strong for this report," Representative Barnes declared, "and I'm not one who goes down the line and jumps through anybody's hoop. I believe this is the best report you will get out of this body."

### Motion to Eliminate Heights is Haight's

Representative Haight moved to amend the report to exclude the Candalaria site from consideration of the capitol commission.

"If Candalaria is unconstitutional as some of you say it is, why leave it in for consideration," Representative Martin asked. She argued strongly for the old site with additional ground and cost and inconvenience.

Representative Angella argued against the motion to amend the report.

"It is impossible for the legislature to find out if the Candalaria site is constitutional," Haight said. "The commission could find out by a declaratory judgment if this bill were passed," he said.

"There is just one single reason for leaving the four principal sites for the choice of the commission," Appel declared. "It is to satisfy our conscience that we are fair and not more partial to one site than another. It is an effort to get on common ground."

"We must be in a position to give and take, otherwise we will be deadlocked and may go home without accomplishing anything."

Representatives Kirkpatrick and Olen favored the Haight motion and Olen charged that there was "terrific pressure by the unseen hand."

### Says People Would Vote For Old Site

"Why the rush?" Olen asked, "the people are plain and the governor if they are sincere to submit this matter to the people. Submit three propositions to them and they'll put it right back on the old site."

"Salem," said Representative Hosch, "has had its hand in the tax funds of the state for 75 years. It had better take a liberal position and let this matter go through or there may be a reaction through the state and Salem may not get the capitol at all."

Upon the amendment removing the hill site being approved, Representative Fuhrer moved to

## Seek Missing Seiner

### KETCHIKAN, Alaska, Nov. 7 (AP)—The New England Fish Co.

today started a search for the seine boat St. Nicholas and its native crew unreported since the fishing season ended a week ago.

With this move Angell moved that the report be laid on the table. The motion passed.

Almost immediately Representative Olen moved to take the report from the table.

Representative Angell then moved to adjourn until 9 o'clock today. This motion was defeated. A call of the house was demanded along with another roll call.

On a third call of the house Representative Angell refused to let further proceedings under the call of the house be dispensed with until all members were present. Representative Scott who is ill had been excused practically every day of the session.

Angell refused to proceed so adjournment was again moved and another call of the house demanded with the result that the other side would not let the vote be taken until the excused member was produced.

Representative Erwin jumped into the deadlock, moved adjournment and before a call of the house Speaker Latourette put the motion, called for the votes and declared the house adjourned.

The house will still be under a call of the house when it convenes this morning at 10 o'clock. The question still up for vote will be the motion to take the conference report from the table.

On the motion to amend the report of the conference committee the roll call was as follows:

Voting aye, for the exclusion of Candalaria, Representatives Caufield, Duers, Engdahl, Farrell, Faland, Frazier, French, Fuhrer, Gouley, Haight, Hamilton, Harrison, Hill of Lane, Hill of Hood River, Hockett, Hughes, Johnson, Jones, Kirkpatrick, Knight, Martin, Munyan, Olen, Osborne, Riddle, Staples Taylor Thomas Tobin and Wells.

Voting no, in favor of Candalaria being included, Representatives Alber, Angell, Barnes, Bolvin, Bull, Carter, Dickson, Eckersley, Erwin, Graham, Grant, Honeyman, Hosh, Hyde, Krier, Leach, Magruder, McCloskey, McKevitt, Nelson, Norblad, Norton, Rankin, Rennie, Rodman Ross, Semon, Snider and Speaker Latourette.

Representative Scott was excused.

**"I feel FINE!"**

The Doctors Know Best And doctors have known this for years

**THREE STEPS TO RELIEVING CONSTIPATION**

Measure-out a cleansing dose of liquid laxative. Tomorrow, take less; let the regular muscular action of the bowels do part of the work. Reduce the dose each time, until regularity has been completely restored.

MORE people could feel fine, be fit and regular, if they would only follow the rule of doctors and hospitals in relieving constipation. Never take any laxative that is harsh in action. Or one, the dose of which can't be exactly measured. Doctors know the danger if this rule is violated. They give liquid laxatives, and keep reducing the dose until the bowels need no help at all.

Reduced dosage is the secret of aiding Nature in restoring regularity. You must use a little less laxative each time, and that's why your laxative should be in liquid form. A liquid dose can be regulated to the drop.

The liquid laxative generally used is Dr. Caldwell's Syrup Pepsin. It contains senna and cascara — both natural laxatives that form no habit even with children. It's the nicest tasting, nicest acting laxative you ever tried. You'll never go back to fixed doses of strong cathartics that act with such violence! Doctors know the danger if this rule is violated. They give liquid laxatives, and keep reducing the dose until the bowels need no help at all.
