

Annual Mine Meet Slated

State Solon Buys Land at Scio and Will Build There in Spring

SCIO, Nov. 14—A play, "Krajanek," signifying hobo, will be presented in the Bohemian language at ZCJ hall in Scio Wednesday, November 27. A local choir of 50 members under direction of Father O. Neid, will offer musical selections between the acts. The play is directed by Joseph Kalha and J. F. Wesely and is sponsored by St. Bernard's Catholic parish.

The annual meeting of stockholders of the Crown Mining & Milling company is scheduled here for Saturday night. J. Cleveland Haas, a mining engineer of Portland, who has inspected the Crown properties, is expected to address the meeting on timely and pertinent subjects.

A coupe in which Earl Crabtree, Wilbur Milligan and Wanda Gorman were riding Saturday night, left the highway near Jordan and tumbled down an embankment into Thomas creek. The occupants were injured only slightly but the car was badly damaged. Glen Phillip and others assisted in getting the people out of the car, which was lying on its top in about four feet of water.

Hosch Buys Farm
Dr. J. F. Hosch of Bend recently purchased 15 acres of land from Mrs. Hosch's sister, Mrs. Peter Binford, and contemplates building on the tract next spring. The land adjoins that owned by Mrs. Hosch and is a part of the old Munkeno donation land claim adjoining the Scio corporate limits on the north. Dr. Hosch is a member of the house of representatives and was active in major legislation considered at the special session which adjourned Saturday night.

Scio's quota in the annual Red Cross membership roll call is placed at \$30. Local solicitors report fair response thus far but stress the importance of consistent generosity if the plan succeeds here.

Complete Hotel Deal
Negotiations are reported concluded for the conveyance of the portion of the Scio hotel property belonging to G. M. Blyeu to the Scio Mill & Elevator company, effective January 1 next.

Max Wesely left Sunday for San Francisco, where he is to be married this week to Miss Lillian Ira. Mr. and Mrs. Wesely expect to return to Scio for permanent residence.

Farmers' Union News

DAYTON, Nov. 14—Good attendance was had at the "Unity" local farmers' union monthly meeting held Thursday night at the Webfoot grange hall. James Richardson, who returned from a 2½ weeks trip to Dickenson, N. D., where he attended the state convention of the farmers union in company with Bruno Struve of Sherwood, who took a six-ton truck load of dried prunes, gave an instructive talk on his trip and the prospects of disposing of the Oregon farmers union dried prunes.

He displayed a sample of the North Dakota wheat crop so shriveled by drought as not to resemble normal wheat grains. A market for more than a carload of dried prunes has been obtained from northeastern Montana, he reports. At the close of the business session refreshments were served. At the next meeting, December 5, the annual election of officers will take place.
