#### 2 Boys Who Took French Leave of Training School Found

WOODBURN, Nov. 18.—At the last regular meeting of Woodburn Post, No. 46, American Legion, a resolution was introduced by Roger Williams that the name of the unit be changed to the George Zimmerle post, in honor of the first member of Company 1, 162d infantry, to lose his life in action in the World war. George Zimmerle was the son of Mrs. Jeanette Zimmerle of Woodburn. This will be acted on at the next regular meeting.

Milton Coy, commander of the local post, presented the marker of Company 1 which was carried to France and was used throughout the war to designate the location of the company, to the Woodburn unit in behalf of the Scollard family. This marker had been in possession of the late Steve Scollard since the end of the war until his death in September.

A report on Armistice day profits showed that about \$40 had been realized which was considered good, considering the weather conditions.

Escape From School  
Two inmates of the boys' training school, Cecil Austin and Norman Cannon, 14 years old, made their escape from that institution Thursday night by sneaking out of the gymnasium while a group of boys were having recreational hour.

They made their way to Woodburn where they entered the R. L. Guis dry goods store and stole complete outfit of clothes for themselves, including coats, high boots, sweaters, blankets and some \$10 from the cash register. The loss was estimated at about \$40.

They were apprehended Friday morning by George Addink, an officer of the school, as they were making their way north on the highway on foot. Austin is from Walla Walla and Cannon from Eugene.
