Alcohols Worst Hit When Terms of Pact Told; Selling Noted

NEW YORK, Nov. 18. - (A) -Stocks today received with no more than a little uncertainty announcement of terms of the new Canadian trade treaty.

Final prices were irregular, with the general level a little lower. Taking the list as a whole, however, declines were only slightly more numerous than ad-

Realizing and selective buying went on side by side. Selling in alcohols, apparently based on the cut in the U.S. tariff on Canadian whiskies, seemed the most direct market response to the new treaty provisions. Some of the leaders in the group were off around 2 points for a time, but later recovered about half of early losses. Average Dips .1 Point

The Associated Press average of 60 stocks off .1 of a point at 55.4, was partially checked in its dip by a rise of .2 of a point in the 15 utilities used in the compilation to a new 1932 high of 43.5. The 30 industrials and the 15 rails each lost .3 of a point. The bond market rode along on an even keel, with secondary rail loans climbing out of the rut for fair gains in some cases.

Some of the issues which dipped major fractions to around 2 87%, New York Central at 24% and Westinghouse Electric at
