Seal Sale to Start Friday

Swift Urges Support for Fight on Tuberculosis; Seals Go in Mail

In launching the Christmas Seal sale which starts tomorrow and continues until Christmas, the Reverend George H. Swift, president of the Marion county public health association, has issued a statement setting forth the value of the sale in providing funds for fighting tuberculosis, as follows: "To say that tuberculosis is the leading cause of death between the ages of 15 and 45 may mean little to us unless we have a patient in our own family.

"A vigorous campaign has been carried on continuously since 1904 against tuberculosis until today the rate of deaths from that cause has been cut two-thirds. Christmas seals support this work!

"A saving of life equivalent to about 175,000 persons per year is the result of this persistent fight.

"It is quite possible that we ourselves are among the 175,000 persons who annually owe their lives to the campaign against tuberculosis.

650,000 in Annually
"Unless we interest ourselves in this great work, it is quite possible that our grandchildren may be numbered among the 650,000 persons, who, it is estimated, are sick from this cause annually.

"One dollar for seals will be a direct contribution to public health. We hope you will deem it a privilege to help. A letter with Christmas seals will be mailed to you Thanksgiving day. Please send in your dollar for the seals at your earliest convenience to the address indicated in the letter."
