LIBERTY, Nov. 28 .- The fact that there are not sufficient funds to finish the new gymnasiumcommunity building now in process of construction was presented for consideration by the school board Monday night at a special meeting of the community club. Funds will be exhausted when outstanding bills are paid, leaving the building with no electric wiring, no heating plant, unfinished floors. The board estimated that about \$1800 additional would be required to finish the struc-

The board wanted to get the sentiment of the community as to the best means of raising the money. A vote showed sentiment almost unanimous favoring a meeting being called to vote on a new issue of bonds amounting to \$1800. These are to be issued in amounts as needed not to exceed

The school board will meet and decide on future procedure. Meantime work on the building will proceed with supplies on hand.

The club voted to sponsor the Christmas candy fund drive. Mrs. Forster was put in charge of the drive. A house to house canvass will be made. Lester Summers and Kenneth Decatur were named captains each in charge of the east and west sides of the district. Other high school boys will assist. Mrs. Forster states that donations of nuts instead of money for the Christmas fund will be very ac-

The form of Christmas program to be put on by the school was left to the discretion of the teachers. Heretofore it has been customary for the school to give an elaborate Christmas entertainment. As it is expected now that the hall will not be ready for use in time only short programs in the rooms may be given.
