## Mrs. Olson Reports Fine Progress in Drive

Nearly half of the American Legion Auxiliary's 400,000 members were re-enrolled for 1936 by the first of December, Mrs. Onas Olson, chairman of the membership committee of Capital unit of the auxiliary, announced today after receiving the first 1936 membership report from national headquarters.

While the work of re-enrolling members for the coming year was being carried forward by the Auxiliary's 8,600 units, a vote of the national executive committee was being taken on the question of raising the year's membership goal. It is proposed to give each state a quota two per cent higher than the average membership of the past three years, which would give the Auxiliary a goal of approximately 408,000 members for 1936.

"Rapid progress in enrolling local Auxiliary members for 1936 has been made," said Mrs. Olson. "Capital unit having reached its quota of 120 members by November 5th, but enrollment will continue."
