The new, pleasant way to give Cod Liver Oil vitamins

TO YOUR CHILD

Raw winter weather often keeps children indoors. What sunshine they get is weak in the rays that produce vitamin D. Vitamins A and D are especially important in winter. A helps protect little bodies against infection in general. D prevents rickets, builds sound bones and teeth.

Give your child these vitamins in tempting chocolate-coated tablets: MCKESSON'S VITAMIN CONCENTRATE TABLETS OF COD LIVER OIL. Children like the candy flavor. Each of these tablets also provides one grain of dicalcium phosphate. Each tablet furnishes all the vitamins in one teaspoonful of Cod Liver Oil, U.S.P.X. (revised 1934). Give them to your children and take them yourself. Buy them at your druggist's. A dollar bottle contains one hundred MCKESSON'S VITAMIN CONCENTRATE TABLETS.
