

og Prices Here Advance 75 Cents Hundred; Butter Climbs

Butterfat and Eggs Gain Too

Top on Porkers Now \$10; Yearling Lambs and Cattle Join Rise

A 75-cent per hundred boost in hog prices was recorded here yesterday to give the hog grower a warm feeling as the old year passes into history. Top hogs were quoted at \$10 even.

Butterfat and butter climbed a half cent per pound, and eggs were quoted up a cent a dozen at Anderson's.

Quotations on yearling lambs and on cattle were up also.

PORTLAND, Dec. 30.—(AP)—Trifle better tone was shown for butter following advances ranging from 2 1/2¢ for lower grade down to 1/2¢ for top score. Butterfat was advanced 1/2¢ lb.

All egg values were advanced 1¢ except medium standards, which were unchanged.

There was no material change in cheese prices.

There was an acute shortage of chickens and especially roaster fowls. Up to 26-27¢ lb. is being offered for live birds.

There was a fair movement of Mexican tomatoes but the bulk of the call is for small juigs selling around \$2 each.

Cellar sweet potatoes were up 10¢ in spots with both California and eastern yams at the same price.

Popcorn is showing a decidedly better movement with the price still low.

All country killed meats were in call and at some advances in spots.

Market was almost bare of good quality green beans.

Demand for better grade apples continued to show slow gain.

Potatoes were about holding their own to price with demand a trifle better.

Japanese Surtax Upon Wheat, Logs Removed; Origin Tags Unneeded

SEATTLE, Dec. 30.—(AP)—The Japanese consulate today announced receipt of a message saying the 50 per cent surtax on wheat, some wheat products, pulp and paper, logs and lumber imposed last July 20, will be lifted by January New Year's day. The consulate advised shippers that after January 1, they need not furnish certificates of origin hitherto required on goods booked on this side of the Pacific.

Strengthening Tendency In Wools Is Continued

BOSTON, Dec. 30.—(U. S. Dept. Agr.)—The strengthening price tendency in wool last week was indicated by the increased number of sales of average French combing and longer staple 64s and finer territory wools in original bags at prices in the range 80-83 cents scoured basis and by sales of short French combing at 77-80 cents. Greasy fall Texas wools brought 70 cents and above, scoured basis, more readily than during the previous two weeks.

Stock Advance Reflects Hope

Good Business Year Lies Ahead, View Indicated in .8 Average Gain

NEW YORK, Dec. 30.—(AP)—Investors and traders put shoulders to the wheel and pushed the stock market up today for gains of fractions to 2 or more points. The advances, which include virtually all sections, reflected continued strong hopes which many hold for trade and industrial improvement in 1936, brokers said.

Measured by the Associated Press average of 60 stocks the market rose .8 of a point to 55. Transactions totaled 1,629,050 shares compared with 2,145,166 on Friday.

Steel Demand Good
 Reports major steel consumers were keeping their demand steady and that automobile makers plan to hold January production at current levels brought buying into the steel issues and into other shares in the heavy industry bracket.

The uptick put on a brisk rally, turning in rises of fractions to around 2 points on improved statistical position.

Prominent shares with gains of fractions to 2 points or more included American Telephone at 15 1/2, Bethlehem Steel at 50 1/2, U. S. Steel at 47 3/4, Republic Steel at 18 1/2, National Steel at 7 1/2, Chrysler at 92 1/2 and General Motors at 56 1/2. American Can rose 3/4 to 136 1/4.

Wheat Passes Dollar Mark Again to Register Highest Since October 18; Strength at Liverpool Is Reflected

CHICAGO, Dec. 30.—(AP)—Vaulting to almost \$1.01 a bushel, the Chicago wheat market today scored 1 1/2 cents maximum gain, and reached the highest price level since October 18.

Jumps of 2 1/2 cents a bushel in Liverpool accompanied the rise of wheat values here, together with word of liberal purchases of Canadian wheat for shipment overseas, upwards of a million bushels today. Unusual strength displayed by the Liverpool wheat market was largely attributed to the fact that the volume of world shipments the past week had shrunk to the smallest total on record.

Wheat in Chicago closed firm, 1 1/2 cents above Saturday's finish, May \$1.00 1/2, corn 1/4¢ up, May 60¢ 1/2, oats unchanged to 1/4¢ off, and provisions 5 to 15 cents down.

Supplies of wheat on ocean passage to importing countries were figured as having been reduced 3,000,000 bushels the past week to an amount about 5,000,000 bushels less than at this time last year.

Corn and oats sympathized with wheat strength.

Provisions lacked support.
