

Eggs and Butterfat Lower Here; Lettuce Due for Advance

Pork Products Down Slightly

Live Hens, Country Meats Firm; Onions Weaker With Top at \$1.15

Egg quotations dropped from 1 to 2 cents per dozen locally yesterday, and butterfat also was weaker. Top quotations for hogs held at \$1.75.

Dealers reported a shift in the lettuce market is coming within the next two or three days, with an advance in price in store, due to a shortage.

PORTLAND, Jan. 13.—(AP)—Market for butter continued to reflect a weak tone. While only the price on extras was reduced 1/4¢ lb., the trade indicated the depression by cutting the buying price on butterfat 1¢.

All egg prices were cut 2¢ dozen for sales during the last session of the exchange. This was in answer to the already generally cut price below established values in open market trading.

Cheese prices remained unchanged. Chicken prices were established at a new all-time high record for the week's opening.

Bids for live hens were up to 15-16¢ lb. even for the lightest leghorns of top quality, with mediums 17-18¢ and heavy sorts 18-19¢ lb.

Full strength was generally retained here in the market for country killed meats. Only heavy calves were inclined to show easiness.

Lower prices were announced for hams and bacon of various weights with declines reaching from 1/4 to 2¢ lb. from figures ruling at the end of the old year. Lard was unchanged.

Potatoes weaker Market for potatoes continued to gather weakness. Offers to sell were shown from various districts at lower figures than a week ago while volume of trading remained limited.

Onions were weaker in the country with \$1.15 net the general top price offered for carlots.

Apples continued somewhat congested here with prices a trifle weak.

Lettuce market was improving. Texas spinach was finding a good sale here with extreme quality.

Cabbage remained firmly priced with local top to 14¢ lb. and California cannibal to the higher mark occasionally.

Hothouse rhabarb was a trifle lower but supplies were scant.

All root vegetables continued their previous strong tone, price and demand.

Hothouse tomatoes were in short supply at nominal prices.

Rulings Can't Shake Market

Stocks Reach New High at 57.5 With Rails in Strong Demand

NEW YORK, Jan. 13.—(AP)—Two important supreme court decisions failed today to throw the stock market off balance.

Prices ended on an upward slant, with rails in active demand. Activity was restricted during most of the day, although the late buying in rails caused the tape to slip a minute or so behind around the finish.

The Associated Press average of 60 stocks advanced .1 of a point at 57.5, edging into a new 1935-36 high ground.

The 15 rails in the compilation gave it its principal buoyancy with an advance of .5 of a point to a new top for more than a year at 32.4. The 15 utilities were .2 of a point improved while the 30 industrials slipped back as much.

Turnover Small Turnover in the stock exchange, at 599,250 shares, was the smallest for a 5-hour session since January.

Most steel issues were steady to a bit lower. Bethlehem lost a point at 52 1/2 while U. S. Steel was a shade down at 48 1/2.

Santa Fe at 70 1/2 and Norfolk & Western at 220 each advanced about 2 points. Stocks up fractions to a point or so included New York Central at 8 1/2, Union Pacific at 11 1/2, International Telephone at 15 1/2, Southern Pacific at 26 1/2, and Standard Oil of New Jersey at 54 1/2. Fractional losses were shown by American Can, Westinghouse Electric, Chrysler and General Motors.

Semi-bright strictly combing and medium fine wools sold around 75 cents scoured basis for 56s, 3/4 blood and around 70 cents for 48s, 50s, 1/4 blood.

Liquidating Cuts Prices on Wheat

Supreme Court's Decision Momentarily Bullish; Close Down Trifle

CHICAGO, Jan. 13.—(AP)—Persistent liquidating of May contracts did much to bring about a lower average of wheat values today.

Short-lived rallies followed announcement that rice process tax case before the United States supreme court has been decided in favor of millers. Traders concluded afterward, however, that the status of taxes actually collected by the treasury remained in doubt and wheat prices again sagged.

With new speculative buying per slack and with the Winnipeg market acting as a ceiling, which prevented upturns, wheat closed unstable at the same as Saturday's finish to 1 cent lower, May 1.00-1.00 1/4, corn 3/4-1/2, May 59 1/2-60, oats unchanged to 1/4 cent, and provisions varying from 20 cents setbacks to a rise of 2 cents.

Corn and oats sympathized with wheat weakness. Primary receipts of corn as well as of wheat were heavy.

For the most part, provisions were steadied by upturns of hog values.
