

Rock Crusher Is Struck by Slide

LYONS, Jan. 16.—John Jungwirth has a crew of men working at the rock crusher above Mill City this week. A heavy slide Monday came near crushing the crusher into the river. It blocked the road and did considerable damage to the crusher apparatus which will take quite a lot of work and time to replace. Luckily, Jungwirth had one of the main parts of the crusher out of the plant, having some repairs made or it might have been a more expensive damage.

Orville Downings went to the hills above Mehan's two days this week to gather in a bunch of his range cattle. He has quite a number of cattle out in the mountains yet and as heavy storms are predicted he is working to get them down to the valley before it gets too stormy to locate them.

Friday night of this week is the regular meeting of the Lyons district Parent-Teacher association. Miss Helvie Silver of Silverton will give an entertaining travel talk. Miss Silver came from Finland to make her home here.
