Pearcy Home Is Scene of Gay Reception

HOUSE guests of Mr. and Mrs. Bayl Pearcy for 10 days are Dr. and Mrs. D. N. McInturff of Spokane. Sunday, Mrs. Pearcy was nostess for a reception honoring her parents on their 50th wedding anniversary.

Mrs. Rue Drager and Mrs. George Grabenhorst assisted the hostess. The McInturffs are visiting all of their children during "golden wedding honeymoon.

Dr. and Mrs. McInturff were married in January, 1886, at Chatanooga, Tenn. Mrs. McInturff was Miss Eugenia Long before her marriage. Both Mr. and Mrs. McInturff were graduated from Grant university at Athens, Tenn. There their romance started.

After their marriage the First Methodist church sent their as missionaries to Japan. Upon their return to the states they settled in Eugene. Later they lived in Portland and Spokane. Dr. McInturff received his doctor's degree from Baker university in 1891. His first pastorate was in Eugene. He later graduated from the Willamette university law school and practiced in Salem for 8

For 52 years he has been in the ministry and is still vigorous and active. He is now a bishop and pastor in Spokana.

The McInturffs are the parents of seven children, six of whom are living. They are Fletcher Mc-Inturff, Portland attorney; Willard McInturff, Marshfield attorney; Mrs. Amelia Shilton of Seattle; Mrs. Eugenia Pearcy of Salem; Mrs. Helen Laason of Bellingham, Wn.; Dr. David N Mc-Inturff, jr., of Washington, D.C. The first five children are graduates of Willamette. Dr. McInturff, jr., is a graduate of Washington State college and the University of Oregon Medical school and is now a surgeon with the U. S. . . .

Oak Point-Mrs. Hugh Rogers was hostess to the Independence Rural Womans' club Thursday afternoon at her home. A biography of the several Bible characters was given by Mrs. C. O. Allen and Mrs. Orley Brown. A three course luncheon was served at gaily decorated small tables. Mrs. Ellis Lauterbach will be the next hostess, January 28.

Take one look at this smart wrap-around frock and, if you're at all inclined to overweight, you'll know it's just the one for you, and just simple enough for you to cut and stitch in a morning. A surplice style, it's able to give the more matronly figure the same slender lines that she enjoys h her better frocks, for the double wrap in front gives diaphragm and abdomen a really firm support, and the waistline a neatly shaped outline. Too, no slip is necessary with the generous shadow-proof over-lap. Choose a pretty polka dot percale, a bright gingham, or a white, crisply starched poplin if you'd look charming at your work.

Pattern 2648 is available sizes 16, 18, 20, 34, 36, 38, 40, 42, 44 and 46. Size 36 takes 41/2 yards 36 inch fabric. Illustrated step-by-step sewing instruc-tions included.

Pattern Captures Spring Spirit!

The very spirit of spring-in this fresh and charming new frock by Anne Adams! It's interpreted here in a light print for southern Jacquoline Johnson resort wear. But made up in a dark print or monotone you'd get a world of enjoyment out of it anywhere right now. Distinguishing features are the graceful flare of sleeve and skirt, and the easy-to-make sleeve and yoke cut in one. The fabric pictured is a celanese lucky print-with the figure seven all over it in clusters of threes. You'd also find it flattering in printed or monotone crepe, printed necktie silk or novelty cotton. Pattern X2595 is birthday with a party Saturday available in sizes 14 to 20 and 32 to 42. Size 16 requires 3 4 yards afternoon at her home. 39 inch fabric. Send 15c today for pattern X2595 to The Oregon Statesman Pattern Department.

Flax Plants Will Be Started Soon

Three scutching and retting plants for handling Willamette valley flax are shortly to be started as WPA projects, John B. Meek, representing WPA, told the state board of control here yesterday. Mt. Angel will get one mother. And mothplant; the Eugene-Springfield ers of two generaarea another, and the Canby-Molalla district the third.

Meek told the board the local communities would put up some of the funds for construction. Most of the money will come from the federal government. The state will own the plants and will lease them to flax operating organizations.

Meek said the need of getting the plants up early was very urgent because the time for planting flax is almost at hand.

Grade School Job Agreement Looms

The final agreement with the contractors for construction of Salem's new grade school is expected to arrive in this morning's mail from Donald M. Drake, of Drake, Wyman & Voss, Portland, the architect, Frank H. Struble, said last night. This agreement. which is in addition to the general construction and PWA contracts, provides for changes and additions to the plans and specifications by work orders.

The Hoffman Construction company yesterday had a small crew of men at the high school site preparing for pushing building operations as soon as authority to do so comes from the PWA inspection-engineering division.

Water Earnings To Be Adequate

If earnings of the Salem water system keep up to the level established the first five months the city has operated the plant, funds available at the close of the first year, after all operating costs, will be \$103.771. This is the estimate made during the past week by Cuyler VanPatten who reported his findings to the water com-

The sum of \$103,771, however, does not include interest on outstanding bonds nor does it include any sum for depreciation. The estimate is made, however, after disallowing any sum to be received from the city for rental of fire hydrants. This item for the first five months the city owned the plant was \$2293; hereafter the city council will discontinue all payments to the water system for

fire hydrants. Mr. VanPatten said yesterday that the city was not setting up any bookkeeping entry for depreciation. He said he hoped in time the plant would be bale to set up a sufficiently large cash reserve to do all of its replacement work

out of cash funds. To date the city water plant has operated at an average cost of \$5140 a month. The former co -pany, in its 84 months operations here, operated at a cost of \$5 ... ! a month. This was before taxes, depreciation or any payments made for management services to the central offices. The average, morover, was cut down heavily in the months the plant operated after sale negotiations with the city began. During that period little repair and maintenance
