More Black Widows Under Stone Which Gave Two Last Year

WALDO HILLS, Jan. 25 .-Two school boys, on an errand, an overturned stone, a scuttling of tiny feet and excitement. The story begins a year ago when Noah Wenger of the Evergreen district found under a stone two spiders. He carried them to the school principal, E. B. Knapp, who had them examined and found they were truly the black widows. The lad traded them to Silverton merchant for two can-

dy bars. Thursday night after school Noah and a friend, Leo Lund, were in the vicinity of the find, on an errand and went to the store saying, "Let's take a look." From under that stone ran at least 40 black widows. The bays caught 20 of them stuffing them into a heavy glove. They took them to Mr. Knapp, who advised burning them. The lads report that as they burned the virus spattered in all directions.

Finally Finds Van-Tage Right Here at Home and It Was What She Needed-Awful Constipation, Stomach Trouble, Terrible Sleepless Nights Come to Quick End For Mrs. Baylor.

Another remarkable instance of

elief from suffering came to

light here a few days ago in a statement about VAN-TAGE received from Mrs. Florence Baylor, widely-known lady of 509 15th St., Denver, Colo. VAN-TAGE is the remarkable new compound of Nature's Roots and Herbs which has recently created such a sensation here in Salem and vicinity, and which is being introduced to crowds of people daily by the VAN-TAGE Man in person. Mrs. Baylor states that she finally found, right at home, something that she had been searching for throughout the United States and Canada, that is, relief from her misery. She says she traveled everywhere, and tried and did everything, in her efforts to conquer her bowel and stomach trouble, but never got any relief or benefit to amount to anythnig until she found VAN-TAGE, right at home, just a short time ago. This widely-known lady is so grateful to Van-Tage after what it did for her, that she called on The VAN-TAGE Man and offered him her statement for publication. This remarkable statement

reads as follows: FOR GOOD OF MANKIND "First let me say that this statement of mine is the whole truth and I am giving it of my own free will, for the good of humanity," said Mrs. Baylor, Ever since I can remember I have been a great victim of bowel and stomach trouble. Even when I was a little child I had this suffering and my parents were alarmed about my condition and took me everywhere for treatments. FIRST NATURAL SLEEP "Now, just think, all these ears I traveled, seeking relief, and have finally found it, right here at home. VAN-TAGE was what I needed all this time. Most remarkable thing of all is - I only took ONE BOTTLE. Now I sleep a natural sleep every night. My bowels are regular. Stomach digests my food. All dizziness has left me. Good color has returned to my cheeks, I simply FEEL FINE, for the first time in my life and I owe it all to Van-Tage. Why, if I had a million dollars I would give it all to the Van-Tage Co. if they would take it. I think would owe it to this medicine for saving my life.
