## Interesting Facts

We were told that Frank Meyers at the Spa would not be able to serve cream with coffee until he was paid for the new sign he had put up.

We made the acquaintance of one of the boys on the German boat Emden which is in Portland at the present time. He took us to see the boat and then we had a very interesting visit with him as we found someone who could translate his German into English.

We were told the Kaiser, and were told that Germany did not want the Kaiser back. "He left Germany when they were in need and they do not want him back," we were told.

We ask about the persecution of the Jews and were told that the atrocities we have heard about were not true but that the Germans had taken the money away from the Jews and were striving to make Germany for Germans.

We ask how they liked Hitler and were told that he is to Germany just what Roosevelt is to the United States. "He is a friend of the working man and everyone likes him," we were told.

We ask about Mussolini and the situation in Italy. We were told that the Germans were not interested in the affair and that they were only interested in Germany and Germans.

A sub head in last Sunday's Statesman read, "Graham uses only gallon of Red Lion per mile in Yosemite test." The actual mileage was 26.67 miles per gallon.

Under a picture on the same page the word ten mile per gallon was used in place of ten mile per gallon.

Two different men made these mistakes in writing the copy. It's hard on Graham but we trust the readers will understand that mistakes do happen.
