Laura Wheeler Pattern

There's a clean, Spring-like freshness in birch trees, a tulip-bordered path and thatched cottage—all parts of an endearing, home-like scene which forms this charming wall panel. And don't those tulips fairly beg for color? Simple stitches make this needlework fun and easy to do. Just line it, and hang it up.

Pattern 1138 comes to you with a transfer pattern of a hanging 15x20 inches; a color chart and key; illustrations of all stitches used; material requirements.

Send 10 cents in stamps or coin (coin preferred) for this pattern to The Statesman, Needlecraft Department.

No More UPSETS!

The proper treatment for a bilious child.

THREE STEPS TO RELIEVING CONSTIPATION

Measure-out a cleansing dose of liquid laxative, regulating the amount to suit the age, condition and individual need.

Tomorrow, take less; let the regular muscular action of the bowels do part of the work.

Reduce the dose each time, until regularity has been completely restored.

It has the approval of the doctors

Any mother knows the reason when her child stops playing, eats little, is hard to manage. Constipation. But what a pity so few know the sensible way to set things right!

The ordinary laxatives, of even ordinary strength, should be given in very moderate amounts.

A liquid laxative is the answer, mothers. The answer to all your worries over constipation. A liquid can be measured. The dose can be exactly suited to any age or need. Just reduce the dose each time, until the bowels are moving of their own accord and need no help.

This treatment will succeed with any child and with any adult.

Physicians use liquid laxatives. Hospitals use the liquid form. If it is best for their use, it is best for home use. And today, there are at least a million families that would have no other kind in the house.

The liquid laxative generally used is Dr. Caldwell's Syrup Pepsin. It is a doctor's prescription. How so widely known that you can get it all ready for use at any drugstore, anywhere. It contains senna and cascara — both natural laxatives that form no habit.

Try Syrup Pepsin! It will make you wonder how you could ever get along with any cathartic that disturbs the system, and actually retards your return to regularity.

Pattern 2395
Anne Adams

By ANNE ADAMS
Brief as a wink, and neat as its sailor collar, is this "younger set" fashion which looks so adorable on youngsters from two to ten. It's a self-help coat-frock that teaches chubby fingers to dress themselves, and is doubly easy for the one who makes it up. Is there anything as crisp as shoulder-to-shoulder pleats which, stitched part way, stay in press from one laundering to the next? Anything as fresh and youthful as a white or light sailor collar next the face? Sleeves may be balloon effect, or flared, while a c o m p a r i s o n g bloomers may match or contrast. If for school or play—choose a gingham, percale or other cotton; if for best, crease-barred dimity is nice.

Pattern 2395 is available in sizes 2, 4, 6, 8 and 10. Size 6 takes 2 1/2 yards 36 inch fabric and 3/4 yard contrasting. Illustrated step-by-step sewing instructions included.
