Mills College Announces Freshman Follies

Alumnae and friends of Mills college in California will be interested in the announcement of the Freshman Folk Follies to be given at the college March 13. The general theme is described as follows:

Four sons of a New England family break away from their home ties and traditions to find a place for themselves on the American frontier. In a succession of scenes, each son is shown in a setting characteristic of the life which he has chosen for himself. Such characters as Kit Carver and Billy the Kid appear; and cowboys, homesteaders, trappers, Spanish dancers, barmaids, Indians and sailors all have their places in the action.
