

Outcome of Elks Bridge Play Told

Contrary to the prevailing idea that women are noisy when they play cards, Salem women bridge players in the Elks tournaments are exceedingly quiet. Moreover, they play exceptionally good bridge. Such is the report of George Ketchum, director, who

reported the outcome of play for Wednesday afternoon, March 4. High point winners north and south were Mrs. Ed Baker and Mrs. Roy Byrd. Second place was won by Mrs. W. Bowersox and Mrs. E. Spaulding. Winners east and west were Mrs. Arthur Rahn and Mrs. H. H. Olinger. Second place was taken by Mrs. Robert Kreason and Mrs. Fred Stinner of Dallas.

Mr. Ketchum reported several new players at the afternoon session. Women's play is held each Wednesday afternoon at the club. Another night Calcutta is planned for an early date.

Pup Starts Tricks Early But Jar Lid Fails to Come Off

SCIO, March 5.—Growing through a fruit-jar metal covering was found "not so hot" by a tiny pup at the residence of G. L. Flanagan, sr., in this city.

The mother canine gave birth to a litter under the Flanagan house and when the doggies were about two weeks old exhibited them "out in the open."

One of the pups was smaller than the rest and an examination revealed that it had been "stunted" in its growth by a circular metal covering from a fruit jar, which the little canine had partly negotiated. Its head and one front leg were through the ring, which had imbedded itself in the skin and flesh of the doggie.

The obstruction removed and the pup given plenty of fresh air and outdoor exercise, it soon surpassed the others in size and robust health.

Tax on Fuel Oils Shows Good Gain

A ten per cent gain in taxes on motor vehicle fuel oils, indicating a steady upturn in business in Oregon, was evidenced in January and February, 1936, according to Secretary of State Snell. Aggregate collections were \$1,300,000.

The effectiveness of the tax on fuel oils as a means of providing for highway construction and maintenance was evidenced by the cumulative report of collections since the first gasoline tax was passed in Oregon in 1919. In that period \$72,888,000 has been collected, of which \$65,335,000 went to the state or county highway departments.

Administration costs of the tax, in the 17 years, were only \$181,582.

Oregon led the nation in placing

a tax on fuel oils. Since 1919 almost every state has imposed a gasoline tax ranging from one to six cents a gallon.

U. O. Women Will Give Dance Here

UNIVERSITY OF OREGON, Eugene, March 5.—To promote good will for the University of Oregon and to raise a scholarship fund, the associated women students at the university are acting as sponsors for a dance to be held in Salem March 21, at the armory. The affair will be in conjunction with the state high school basketball tournament dances to be held by the Salem high school.

Chairman of the Salem dance is Jo McGilchrist, Salem, who is a member of Kappa Alpha Theta sorority.

Similar affairs are to be held in five other cities of the state on the same night: Portland, Astoria,

Pendleton, Bend, and Klamath Falls.

An invitation has been extended by Miss McGilchrist to all students or others living in the Salem area who plan to enter college or university.
