

Six and Half Millions Road Funds for Oregon in New Measure

Bill Proposes Large Amount

Oregon Would be Required to Match Two Million Regular Aid Sum

WASHINGTON, March 9.—(AP)—A \$25,000,000 roads bill—biggest in history—today was placed before congress.

Senator Hayden (D-Ariz.) and Representative Cartwright (D-Okla.) introduced the measure which would authorize expenditures totaling that amount in both 1936 and 1937.

In addition to a \$125,000,000 contribution to the regular federal aid system, they also asked authorization for:

Fifty million for grade crossing eliminations: \$25,000,000 for secondary or feeder roads; \$15,000,000 for forest and trail systems; \$7,500,000 for national parkways; \$5,500,000 for road work in national parks; \$4,000,000 for construction and improvement of Indian reservation roads and \$2,500,000 for main roads through unappropriated or unserved public lands.

Oregon's share in the road funds provided in the Hayden-Cartwright bill introduced in congress would be about six and a half million dollars, for the years 1936-37 it was estimated by the state highway department. The division of aid to this state would be:

Regular federal aid (dollar-for-dollar matching required by the state) \$2,845,000.
Forest highways, etc., \$1,903,000.
Public lands highways, \$174,000.
Forest roads and trails, \$1,033,000.
National park roads, \$250,000.
Indian reservation roads, \$125,000.
Secondary and feeder roads, \$380,000.
Grade crossing eliminations, \$584,000.

The state would have to provide a little over \$2,000,000 to match the federal fund for regular road work and about half a million dollars for purchase of right-of-way and for engineering.

The Pacific highway association announced its endorsement of the measure yesterday and is notifying chambers of commerce with request that they extend support in its favor.

Colonists Doing Well, Is Report

PORTLAND, Ore., March 9.—(AP)—William Bordin, former chief engineer of the Mantanuska project in Alaska, said today "It is my personal belief the 147 families remaining out of the 200 that started out are the kind that will stick it out and pay back the government."

Bordin said the "pioneers" will start spring planting within a few weeks. Each family has 40 acres of cleared land and a log cabin. "If they stay on the job they will come out ahead," Bordin commented.

The 22-hour "day" in summer results in production of huge potatoes in 10 weeks and hay with in the same period sprouts to a height of five or six feet, Bordin said.

The Call Board

Today—The Dionne quintuplets in "The Country Doctor."

Saturday—"The Music Goes Round" with all star cast.

ELSINORE
Today—Double bill, Betty Davis in "Petrified Forest" and Phil Regan in "Smiling Irish Eyes."

Thursday—Double bill, John Boles in "Rose of the Rancho" and "Muss 'Em Up" with Preston Foster.

CAPITOL
Today—Double bill, "The Informer" with Victor McLaglen, and "Last of the Pagans" with all native cast.

Thursday—Double bill, Ann Shirley in "Chatterbox" and "Song of the Saddle" with Nick Forhan.

Friday—Double bill, James Dunn in "Bad Boy" and "Stormy" with Noah Berry, Jr., also the original "Arizona Wranglers."

STATE
Today—First run, Helen Vinson in "The King of the Damned" and new Major Bowes amateur show.
Wednesday—"Return of Peter Grimm" with Lionel Barrymore.
Thursday—First run, "Behind the Green Lights" with Norman Foster.
Saturday—Leo Tracy in "Two-Fisted."

MODERN WOMEN
Need Not Suffer monthly pain and delay due to cold, nervousness, exposure or similar causes. Chl-rose-tem Diamond Brand Pills are effective, reliable and give quick relief. Sold by all druggists for over 40 years. Ask for all druggists for over 40 years. Ask for all druggists for over 40 years.

CHICHESTER'S PILLS
"THE DIAMOND BRAND"

New Honors Come to Stage Star

An ambition born 13 years ago is fulfilled this month for Katharine Cornell with her debut in "Saint Joan," the powerful drama by George Bernard Shaw about the Maid of Orleans. Acclaim won by her interpretation of this role marks one more triumph in the career of one who probably best qualifies today for the title of the "leading lady of the American theater." She has consistently refused tempting offers from Hollywood and has "carried the torch" for the legitimate drama when most stars had deserted "the road" and confined their efforts to Broadway and the radio. She has maintained the highest of artistic standards in her productions and has found her talented husband, Guthrie McClintic, noted director, an invaluable aide in her work.

School Board to Convene Tonight

The Salem school board will hold its first regular March meeting at the administration building, 434 North High street, at 8 o'clock tonight with the main item of business the official approval of a three-year contract for Superintendent S. Gaiser. The new contract is to contain the same terms as Gaiser's original two-year agreement excepting that his salary will be increased proportionately to those of teachers, probably by 6 per cent, it was announced when the contract matter was settled February 23.

Future Farmers Plan Activities

Earl Noble will represent the Salem high school chapter, Future Farmers of America, at a sectional public speaking contest in the school auditorium at 8 o'clock Thursday night. It was announced yesterday. Boys from nine valley communities will compete in this event.

Saturday a Salem chapter team will enter a sectional judging and recreational contest at Amity in competition with boys from Albany, Corvallis, Independence, Lebanon, Silverton, Woodburn, McMinnville and Newberg.

Events will include rope work, soldering, rafter cutting, blacksmithing, grain judging, leather splicing, nail driving, seed identification, hog calling, harmonica playing, story telling, horse-shoe mending, potato judging and poultry judging.

Combination Rates For Dried Fruits and Nuts Aim of Polk Campaign

DALLAS, March 9.—Polk county prune growers met recently to formulate plans for a campaign for combination freight rates on dried fruits, nuts and similar products in the same car to midwestern points, reports County Agent J. R. Beck.

It is believed that such rates, if obtained, would enable Italian prunes of the Willamette valley to compete with shipments from products in the same car to midwestern points, reports County Agent J. R. Beck.

It is believed that such rates, if obtained, would enable Italian prunes of the Willamette valley to compete with shipments from products in the same car to midwestern points, reports County Agent J. R. Beck.
