

Buyers Have Last Word and Stocks Go 1 to 3 Points Higher

Peace Outlook Major Factor Approach of Spring With Prospect For Business Upturn Is Reflected

NEW YORK, March 10.—(AP)—Buyers had the last word today, thrusting stocks forward for gains of 1 to 3 or more points after a morning of indecision.

The opening brought a rally of fractions to about 3 points. Rapid-fire selling around the end of the first hour cut down the advance but support was quick to appear.

As the list steadied, investors and traders, encouraged by the more reassuring tone of "war" news and the expected approach of spring industrial improvement, bought stocks persistently for the balance of the session.

In terms of the Associated Press average of 60 stocks the market moved up 6 of a point to 62.9. Transactions totaled 2,339,780 shares against 2,776,280 on Monday.

Steel Shipments Up Financial circles were reminded of recovery progress by the report of finished steel shipments.

Daily average shipments amounted to 18,180 tons in February against 27,730 in January.

The outlook for heavier consumption of oils and gasoline with the better weather, together with the resistance shown by the oil shares recently were counted factors in the demand in this group.

Loganberry Code Meet Set Friday 200 From All Production Centers of Oregon Are Expected to Attend

A meeting of all loganberry growers of the state has been called here for Friday morning at 10 o'clock at the chamber of commerce rooms, at which time the plan for controlling the price of logans will be submitted for approval.

Notices have been sent to all growers, urging a special effort to attend the meeting. The plan drawn up by a special growers' committee will be explained in detail, and a synopsis of the plan in every-day words rather than legal phraseology, will be presented to each grower.

Growers will be asked to approve or disapprove the plan Friday, and if approved immediate steps will be taken to launch it. If the growers turn it down Friday, the matter will be dropped.

H. G. Rumbaugh of Albany, chairman of the special growers' committee, will preside at the session. The legal form for the proposed control agreement has been drawn by W. J. Linforth, local attorney, on basis of proposals suggested by the special committee.

The meeting Friday is expected to last most of the day.

Wool Business Is Quiet, Price Nominally Steady

BOSTON, March 10.—(AP)—U. S. Dept. Agr.—Business in both domestic and foreign wools in Boston was very quiet. Nominal quotations were unchanged, but there was not enough actual trading to establish market prices.

Members of the Boston trade were waiting with a great deal of interest for the early reports from London where a new series of auctions were scheduled to open.

Dust Harm to Grains Feared

Replaces War as Bugbear Forcing Price Upward; Advance Sustained

CHICAGO, March 10.—(AP)—Fears of dust damage to crops south-west and west acted as a new bugbear for wheat traders today, in place of European war scare reports.

Kansas, Nebraska and Texas all sent news that dust storms were in progress, and as a result 1 1/2 cents a bushel, maximum was added temporarily to wheat values. Late reports, however, told of moisture received at several points in the drought region.

Wheat closed firm, 1/2-3/4 above yesterday's finish, May 99 1/4-1/2, July 89 1/2-3/4, corn unchanged to 1/4 higher, May 60 1/4-3/4, oats unchanged to 1/4 up, and provisions varying from 5 cents decline to an advance of 2 cents.

Sweaters were voted to Esther Vehrs, Marjory Knox, Vera Wilson, Marguerite Wagner, Mary Serdotz, Winona Robinson, Gretchen Steinke and Mildred Meaney. Mrs. Grace Wolgast presented the 150-point numeral, which is worn on the sweater, to Elizabeth Morehouse, Maxine Goodenough, Gene Ross, Audrey Shay and June Welch.

Parrish Students To Be Vaccinated

A wholesale vaccination clinic will be conducted at Parrish junior high school before spring vacation as the result of official report yesterday that a girl had attended that school while suffering from a mild case of smallpox.

Dr. Douglas said there was little cause to fear a further outbreak of smallpox because of this one case.

Smallpox is controlled easily if caught early," the health officer explained. "The fact that many of our school children are vaccinated makes the situation less serious."

Yesterday was the second case of smallpox reported in Marion county this year. Both have occurred in Salem.

Senator Staples Asks Reelection

Would Represent Counties on Coast; Supported Projects There

Senator Isaac E. Staples, who since 1920 has been a continuous member of the upper house of the Oregon legislature, will seek reelection this year. It was learned here yesterday.

The senator, one of the best known members of the state assembly, will seek to represent Tillamook, Lincoln and Washington counties. He is now engaged in his profession of optometrist in Tillamook, having for some time practiced both there and in Portland.

Senator Staples has been urged by his friends on the coast to make the race, because of his long experience in the senate and because of the consistent support he has given coast projects. He long was a supporter of the Oregon coast highway as well as the Wilson river shortcut road from Portland to the sea.

In the last year Senator Staples took the lead in putting through a bill which remitted to Tillamook county an amount equivalent to the state taxes she would have paid on the area burned in the summer of 1933. In the 1933 session he supported a bill pushed by Lincoln county in which the state assumed the cost of the Salmon river cutoff road.

Vigorous in debate, active in committee work and known as a legislator of integrity and resoluteness, Senator Staples, his friends said here yesterday, has been outstanding in the work of the upper assembly.

He will seek nomination on the republican ticket.
