READ HER AMAZING LETTER BELOW!

6724 Pliska Ave., Huntington Park, Calif.
This letter is unsolicited. An writing of my own volition to help others as I have been helped. Last September my appetite left me. I was so full of acid, even the sight of food turned my stomach and even water soured on my stomach. I was losing flesh and weighed 123 lbs. I was about to give up, when a neighbor called my attention to the Van-Tage ad in the Independent. She had noted that Van-Tage came from Cincinnati and she knew I was born in Cincinnati, so on the strength of feeling so badly thought I would give any medicine that was made in my home town a chance. I did so much to my delight, for I am sitting now, gaining weight (weigh 137 lbs.) and most of all an able to work. I feel like a new woman, thanks to your wonderful medicine. I would not be without it for any money.

I sincerely hope (if this be printed) that any reader will profit by my experience and try a bottle of Van-Tage today and see for themselves what a new man or woman it will make of them.

Stomach, Kidneys Kept Oregon Man in Misery

MR. E. L. MONROE, of 495 E. Third Ave., Eugene, Oregon, said: "For 10 years I was in misery.

Stomach was so upset that after meals I would vomit up part of my food and the rest would turn to gas and bloating and put me in awful pain. At times I couldn't even hold down a drink of water. Would vomit it right up. I also vomited pure bile. It was awful. Would almost gag me. This was from my liver which was sluggish it kept me sickly and run down. My kidneys got me up MANY TIMES every night and broke up my sleep and I always got up in the morning as tired as when I went to bed. Also had muscular rheumatic trouble with such pain and aching in hips and knees could hardly walk. A hundred different medicines failed me, but finally I got Van-Tage and it almost worked a miracle on my system. Now, my gas, bloating and pain are gone and I eat three hearty meals a day, for first time in years, and no vomiting or suffering afterward. It acted on my liver and the sickening bile left; and it is wonderful for a person's kidneys and I sleep all night now and never have to get up. It is even working the muscular rheumatic suffering out of my hips and knees. Seldom have it anymore. This medicine is wonderful.

Also had to keep rising with my kidneys all night, which further broke up my rest. So I always got up in the morning feeling worse and out and miserable. So I was in an awful condition and meals would not digest but laid in my stomach like a lump of lead, causing pain and suffering. Bowels so constipated I had to take a physic every night. Had headaches and dizzy spells. I tried many medicines, but without relief, but when I heard that Van-Tage is a Compound of Pure Herbs, containing no alcohol, it appealed to me. So I started taking it. Will say I am better in general. Nerves are improved and kidneys don't get me up at night and I can go to bed and really sleep.
