General Business Better; Some Specialties Are Up Against Trend

NEW YORK, March 18 .- (AP) The stock market soft - pedaled wars and accented floods in today's session.

As high waters swept over many districts in the east, wreaking damage on transportation, communications and other lines of industry, many of yesterday's bullish proponents decided to stand aside for the moment.

At the same time the European situation was indicated in cable advices as steadily improving, thus bearing out Wall Street's forecasts at the beginning of the Rhineland reoccupation that Franco-German hostilities would somehow be avoided.

General domestic business developments were for the better, and a number of equity specialties responded to further expectation of increasing profits over the re mainder of the year.

Extreme dullness marked bot buying and selling. Transfers to taled 1,770,530 shares. Th smallest volume for a full se sion since January 21, last. Th Associated Press average of 60 stocks backed up .4 of a point to

The unusually cold season has held the erop back. A pretty good run of asparagus is anticipated by the cannery this year, as some of the planting is in the third and some in the fourth season's bearing this spring.

20,000 Hoboes to **Invade California**

The threat of a march of 20,000 hoboes into California to break past the Los Angeles police department's "border blockade" was made here by Ben Benson, national publicity director of the Hoboes of America. Benson hurled his defi at Po-

ice Chief James E. Davis after Federal Judge Albert Lee Stephens ruled the federal courts are without jurisdiction in the case of John Langan, who sued Davis for being stopped at the California border town of Blythe on the Arizona line.

Davis said he would withdraw the patrol only on advice of Ray torney, who several weeks ago

U. S. Webb, California's attorney general, disclosed in San Francisco that he wrote the Los Angeles chamber of commerce a month ago that the blockade unlawfully deprives citizens of their rights. He also asserted that jurisdiction of Los Angeles police does not extend beyond the city Webb gave the opinion in a pri-
