MacDowell Club Concert Success

Virgil Day Guest Artist; Balanced Program of Music Is Given

By JESSIE STEELE

The MacDowell club under the direction of Lena Belle Tartar concluded its current season with one of the most successful concerts of the year last night in the Knight Memorial church.

Virgil Day, tenor, of Portland, was guest artist and appeared in three well-balanced groups. His first, made up of compositions by Handel, Torelli and Donizetti, displayed the singer's technical and interpretive ability to splendid advantage.

With his reputation thus assured, Mr. Day evoked the zest of his program to Rachmaninoff, Jalousky, Cadman, Lehmann and Wolf, and his listeners warmed their hearts before familiar fires.

Theme Is Modern

Modern was "Slow Horses, Slow" with a brilliant accompaniment played by Mrs. Kenneth Dalton. Cadman's "Joy" was typical of his love songs, yet had a vigorous theme. The tender "Ah, Moon of My Delight," "Drink of the Cup With Thine Eyes" and his second encore, "In the Gloaming" were all exquisitely and sympathetically done.

A raskish interpretation was given "Sailormen" and Mr. Day's first encore, "The Sleigh," was as robust as it was Russian. Clear, sweet tone, generous volume and sensitive rendition distinguished Mr. Day as a vocalist.

Of the choral numbers, the chorus of boys from "La Traviata" was clipped and sprightly, showing good direction and trained response. Lovely melodically and arranged for six parts was "A Swan" by Grieg-Chaffin. The same composers contributed "Spring, Lovely Spring" which was also in the group.

March Is Driest In Recent Years

Salem "went dry" last month after five years of wet March rain records. Precipitation during the month just closed dropped off to 3.13 inches, or .81 inch below the mean average for March and 3.06 inches below the rainfall in March last year.

Rainfall was recorded on only 15 of the 31 days last month. R. D. Slater, United States weather bureau observer here, reported late yesterday. The heaviest single day's precipitation was recorded Sunday, 1.15 inches, along with two inches of snow. The heaviest day's rain in March 1935 amounted to .89 inch on the seventh.

Days on which precipitation was recorded last month were as follows: March 1, .01 inch; 9, .15 inch; 12, .35 inch; 13, .02 inch; 14, .03 inch; 15, .07 inch; 17, .01 inch; 22, .04 inch; 23, .07 inch; 24, .36 inch; 25, .07 inch; 27, .61 inch; 28, 1.15 inches; 29, .18 inch; 30, .01 inch.

March rainfall for the last six years has been as follows: 1935, 6.19 inches; 1934, 3.89 inches; 1933, 5.89 inches; 1932, 6.06 inches; 1931, 6.49 inches, and 1930, 1.93 inches.

The heaviest March rainfall on record here was 10.13 inches in 1894. This was followed by 9.96 inches in 1916 and 9.04 inches in 1904. Precipitation amounting to less than one inch has been noted but twice, .59 inch in March, 1911, and .54 inch in 1926.

Traction Firm's Request Studied

Earnings will be used to pay for new trolley and buses and motor coaches, to be purchased by the Portland Traction company from the Mack-International Truck company, and \$350,000 now in the company's reserve fund will be added, Utilities Commissioner McCulloch was advised at a hearing yesterday.

McCulloch directed officials of the traction company to present evidence of its ability to pay for the new equipment before he would approve the purchase. The first payment will be made 13 months after the first motor coach is delivered in May.

Franklin H. Griffith, president, and W. H. Lines, vice-president, appeared for the traction company.

McCulloch said he would issue a formal order not later than next week.

Old Parties Dead Zimmerman Avers

(Continued from Page 1)

from the University of Oregon, the senator emphasized his formula: four per cent of the population receive 80 per cent of the wealth. Production of the nation is only one-fourth to one-tenth of what it might be if goods were not produced for a profit, he said. The Farmer-Labor group, said the senator, should ask the state to take over, first, all banks, then all facilities in transportation, then the utilities and finally all manufacturing establishments. Extensive organization of cooperatives, patterned after the Swedish and Norwegian cooperatives, were urged by the senator.

"Produce for use; not for profit—that's the only way to avoid the economic slavery of today, worse than the physical slavery of old," Zimmerman reiterated.

He capped Senator McNary, declaring that his Bonneville power bill turned control of that federal project over to the private power interests.

"If McNary doesn't get back of the Bone Bill for Bonneville dam he may not go back to the senate," warned the speaker. "If we can't defeat him in the primaries we can do it in the general election."

Meeting Place for Liberals Heralded

Kelly Loe, representing union labor, came from Portland to make short address. He said he favored the Farmer-Union movement since it provided a meeting place for liberals. "Sinclair illustrated that you cannot steal an old party; you have to create a new one," Loe declared.

The Portlander said he was not certain whether the farmer-worker movement should culminate in a third party. He declared this decision could be made after the primaries when it was found out what type of men would be candidates for state and national offices at the November elections.

H. E. Barker, union representative here, opened the meeting last night. Roy R. Hewitt served

Stamp Fans Will Hear Richardson

Salem stamp collectors next Tuesday will have the opportunity of hearing a prominent Oregon philatelist, W. T. Richardson of Hillsboro, speak on his hobby and to see exhibits from his collection. Dr. David Bennett Hill announced yesterday, Richardson will speak at noon at the Kiwanis club luncheon at the Quail and at 3 p. m. in the senior high school auditorium.

Dr. Hill said members of the Salem Stamp society were invited to attend the Kiwanis meeting as well as the public school gathering at the high school. Superintendent Silas Gaiser this week is arranging to have the approximately 150 stamp hobbyists in the senior and junior high schools' upper grade school pupils who collect stamps also may be permitted to attend.

Richardson will bring with him a collection of stamps which he says depicts the history of America from the time of the supposed visit of Eric, the Red, in 983 up to the time of the NRA. He added this exhibit at the last state stamp show, for which he was one of the judges, at the Meier & Frank store in Portland.

Indian Motif For Jamboree Chosen

A new motif has been devised for the annual gym jamboree, to be held in the Salem high school gymnasium at 7:30 o'clock Friday night under the auspices of the Girls Letter club. This year's jamboree will be in the form of an international pow-wow presided over by American "Indians."

Into the pow-wow circle will parade girls dressed and acting to represent 11 nations. These will be England, Scotland, Ireland, Egypt, Germany, Italy, Ethiopia, Japan, Holland and the United States.

Allice Swift, as Chief White Eagle, will deliver the address of welcome following the grand march of all participants. A solo eagle dance will be given by Betty Read. Music will be provided by the Salem high school band directed by Gordon Finley.

Marriage License Moratorium Ends

Marriage licenses, four in number, were applied for yesterday at the county clerk's office to break the slack in applications which has prevailed throughout the month.

John Bostrack, 24, route five, a dairyman, asked permission to wed Edna E. Jensen, 21, Albany, a stenographer.

Thomas Rice, 19, 2175 North Liberty street, a grocer, asked to wed Lu Ella Frame, 18, Salem, a housekeeper.

Paul H. Leach, 22, route five, Salem, a farmer, asked permission to marry Helen Moe Thompson, 21, a housekeeper.

William E. McClary, 26, 460 Bush street, a clerk, asked for a license to marry Mary Elizabeth Allison, 23, 821 W. E. street, Albany, an office employee.

Inventors' Show With Movie Angle Proposed

John T. Anderson of Portland, who staged an inventors' show here a year ago, was in Salem last night and announced his preparation for a new show, this time with motion pictures revealing creations of inventive minds. The pictures will show new devices in service. Anderson is locating a hall in which to show his pictures, which will be within a few weeks.

Radio Needed For Road Work, Claim

The state highway commission yesterday heard the report of R. H. Baldock, state highway engineer, on the need for radio equipment for his maintenance engineers and snowplows. No definite action was taken pending estimates of the cost.

Baldock returned here recently from Washington points where he witnessed demonstrations of the radio system in operation there. He said radio equipment would prove valuable in Oregon during emergency highway troubles.

Henry F. Cabell, chairman, said most of yesterday's meeting was devoted to right of way matters, involving road contracts to be awarded at the next meeting of the commission.

Over Half Is Paid On Current Taxes

Marion county had 52 per cent of its 1936 tax collections on hand last night, a decided pickup from last year, when only 47 per cent of the current taxes had been collected by June, Sheriff A. C. Burk announced yesterday. Nearly \$30,000 has been collected at the end of the month.

Burk said turnovers to the treasurer now aggregated \$300,000 with a fourth turnover to be made within a week. Last year at this time only one turnover had been made to the treasurer's office.

All taxes sent in by mail have now been received, Burk reported. Many school districts which have been on a warrant basis since fall will be back on a cash status when the current taxes are turned over to them this month, authorities said.
