Promise of Drought Ending Sends Wheat to Season Low Mark

Kansas Snows Cause Decline

Nearly 3 Cents Drop For New Crop Is Recorded; Exports Are Heavy

CHICAGO, March 31—(AP)—Smashing of season low-price records of new crop deliveries of wheat resulted today from almost 3 cents a bushel market collapse.

Apparent ending or drought that in the southwest and west has been imperiling domestic wheat crops led to heavy selling pressure from speculative sources. Lowest quotations of the day were reached just as trading came to an end, and were in the face of news of big export business at Winnipeg, 1,500,000 bushels.

Wheat in Chicago closed weak, 1⅜-2¾ cents under yesterday's finish, May 95½-⅝, July 85¼-⅜, corn ⅛-1⅛ down, May 60-60½; oats ⅜-½ off, and provisions unchanged to a setback of 15 cents.

Hasty assumptions that at last the long continued drought menace to wheat southwest was gone were based largely on trade reports of snowfalls this afternoon at various Kansas points where dust storms and dry weather have been worst.

Broiler Chickens Firm and Higher

PORTLAND, March 31—(AP)—Butter, butterfat and eggs were unchanged.

There was a good demand for broiler fowls, weighing a pound or more with 15c being offered and a premium of 1c available for top quality.

Buying price on light weight hens has been advanced another cent in spots.

Further advance in the price of both old and new potatoes was confirmed. Old Deschutes have moved to a ne whigh at $2 to retailers. New Florida and Hawaiian were both advanced.

Good price was obtained for Roseburg broccoli - cauliflower. Sales of 1s were reported around $1.35. The stock is good but the flower is small.

Spinach was scarce and higher.

Craftsmen Plan Annual Banquet

The three Future Craftsmen chapters at Salem high school will join next Tuesday night in giving their annual banquet for boys, fathers and employers. The affair will be held at the Quelle cafe at 7 p. m.

Program arrangements have not yet been completed. Members of the apprentice chapter will bring as guests both their fathers and their employers, and of the machine shop and auto shop chapters, their fathers.

Reservoir Project at Corvallis Is Approved

A WPA project to permit the city of Corvallis to put its new 6,000,000 gallon reservoir to use was allotted the necessary $5113 in federal funds yesterday, it was announced here. The project consists of laying approximately three miles of steel pipe from the reservoir to the Corvallis city limits. The city will spend $16,597 as its share in this project. Work on the pipeline will start within two or three days, or as soon as finishing touches have been placed on the reservoir itself.

Steel, Motors Spark Advance

Several 5-Year Highs Are Recorded; Transaction Volume Is Lacking

NEW YORK, March 31—(AP)—The firmness of steels, motors and industrial specialties brought support to today's stock market.

Gains of fractions to around 2 points were general at the finish, with a few issues getting up as much as 4 or more. Several new 5-year highs were recorded.

At the same time brokers failed to exhibit any especial exuberance over the recovery. One of the reasons was that, while the activity was a bit ahead of yesterday's, it was still short of producing the profitable commissions of the past several months.

Transfers totalled 1,083,270 shares against 986,700 Monday when the turnover was the smallest since October last year. The associated Press average of 60 stocks edged up .2 of a point to 62.2. The industrial composite was up .5 while those of the utilities and rails managed to hold a net gain of .1 each.

Peach Marketing Drive Strenuous

SAN FRANCISCO, March 31—(AP)—The California canning peach interests will continue their nation-wide peach marketing drive, H. C. Merritt, stabilization committee chairman, announced today.

Merritt said eastern chain store systems have joined the move, which western stores earlier announced they would support.

Four drives will be made, spaced some days apart, beginning in mid-April and ending May 30.

Recent reports indicated the cold weather last week had less effect on the crop than at first reported. Growers fear that with a heavy carry-over, they will be unable to get paying prices for their crop this year.

Easing of Wool Prices Is Apparent at Boston As Demand Stays Weak

BOSTON, March 31—(AP)—(U. S. Dept. Agr.)—Easing was apparent in the Boston market for fleece wools. Early shorn medium clips from midwestern states were available at around 38 cents in the grease delivered east. These wools were lots comprised of combing and clothing staple of ⅜ and ¼ blood grades.

The prices at which these new wools were offered were estimated to be equivalent to around 40-41 cents in the grease for strictly combing ⅜ blood and ¼ blood Ohio fleeces graded in Boston. While the quantities offered were small, the demand was ever smaller, thus causing a weakness in the tone of the market.

To Pour Concrete For Grade School

7500 Tons of Reinforcing Steel in Place; Wood Forms Are Ready

The new Salem grade school building site, which has so far been no spectators' paradise, will cast off its drabness of scene Thursday if the weather permits scheduled mass poring of concrete to get under way. The contractors are planning Thursday and Friday to pour 500 cubic yards of concrete walls and floors in the swiftest moving operations yet seen in the Salem school building program.

This building is located at University and Mission streets.

To make ready for the big mixing and pouring task, the grade building crews have been rushing wooden framework and steel reinforcing. Yesterday a total of 7500 tons of reinforcing steel had been set in place in the forms.

While constructions resumed Monday at all three of the school building sites following a two-day shutdown on account of wet weather, the cold forced delays in concrete work due to the fear of frost damage. All concrete tests were meeting city standards, inspectors reported.

The latest report prepared for the school board showed 198 men, including foremen, at work. Of these 122 were busy at Leslie junior high, 53 at the senior high location and 23 at the grade school.

Assist in Program

TALBOT, March 31.—Members of the Talbot 4-H clubs and their teacher, Carl Rutchman, took part in the Marion county 4-H clubs' broadcast of KOAC at Corvallis Monday night.
