#### Nelson and Paine Refuse to Recognize Denial of Endorsements

(Continued from page 1)  
Candidates for national offices who appeared were Charles M. Thomas, former state utilities commissioner who seeks the republican nomination for third district congressman; Walter Whitbeck, democratic candidate for third district congressman; John A. Jeffrey, democratic candidate for congress; Theodore G. Nelson of Salem, republican candidate for the senate, and Charles L. Paine of Eugene, republican candidate for national committeeman.

PORTLAND, April 10.—(P)—Differences of opinion over leadership, campaign funds and endorsements of candidates threatened further disruption in the ranks of Oregon Townsendism tonight.

Charles Paine, named campaign manager by the state area board, said today "I was employed by the board and until it instructs me further I shall remain as campaign manager."

Paine and Theodore G. Nelson of Salem also defied the order from the national Townsend organization holding office relative to endorsement of candidates. Nelson said his associates were not inclined to recognize the domination of a "hand-picked national triumvirate."

Paine, candidate for republican national committeeman, and Nelson, candidate for the republican nomination for United States senator, said they had not withdrawn from their campaigns and that they considered themselves still officials in Oregon Townsendism.

Nelson intends to remain candidate

Nelson is a member of the state area board.

At tonight's session, Nelson and Paine took opposite stands relative to the possibility they would be barred from Townsend officialdom if they persisted in their candidacies.

Nelson said "If it is necessary I'm going to let someone else have a place on the Townsend board."

Paine said if necessary he would withdraw his candidacy for committeeman and "stay with the Townsend group."

John Weir, regional representative from Los Angeles, said yesterday all Townsend members holding office capacities in the \$200-a-month movement must resign if they seek political office.

Weir said today James Logan, named state manager two weeks ago, would remain in office but "there's no telling what the future might bring."

### Commercial Aviation Celebrates Tenth Birthday

Leon J. Cuddeback and 1926 plane

Modern tri-motored queen of the airways

Commercial aviation is just 10 years old this month, the initial privately operated airmail-passenger flight having been inaugurated April 6, 1926, when Leon J. Cuddeback, pilot of the United Air Lines, flew from Pasco, Wyo., to Elko, Nev., in a single-engine plane, marking withdrawal of the postal department from the operation of airmail service. In the past decade United States has assumed world leadership in aviation, surpassing every other nation in the extent of airlines and efficiency of

service. Ten years ago the coast-to-coast airmail time was 33 hours, more than double the present schedule. Transcontinental fare was \$400, or approximately 15 cents a mile, contrasted with five and one-half cents a mile today. In 1927, the first full year of operation, there were 12,597 passengers and 1,485,000 pounds of mail carried, in contrast to 747,000 passengers and 15,000,000 pounds of mail last year. Air express has also added 12,000 tons to the annual volume of airmail.

"If no complaints are received by Monday I'm going fishing for a week," he said. "If complaints are made known to our organization, however, we will seek a restraining order to compel the turning over of funds to the O. A. R. P. Ltd."

George Clevenger and A. A. Muck, the other two incorporators, denied Muck sent a telegram to George Highley, of Los Angeles, leader of a club which bolted the national organization. They said the telegram, which Highley said indicated a group in Oregon might aid the Los Angeles move, was sent by enemies trying to discredit the O. A. R. P. of Oregon.

### Giant Telescope Eye Is Delivered

PASADENA, Calif., April 10.—(P)—A chunk of glass, weighing 40,000 pounds, was delivered to the California Institute of Technology today by a special crew of nerve-weary trainmen, the "nurse maids" who guarded its cross-country trip from Corning, N. Y., where it was cast.

It was the giant disc, from which the lens for the 200-inch telescope, to be constructed at Mt. Palomar, Calif., will be ground. A special train crept cautiously into the state at Lamanda park, a suburb of Pasadena, today lugging a box car and then the flat car bearing the mirror.

The glass was sheathed in steel, and welded to the car, Mirror and case totaled 55 tons in weight.

### Says Future Vets Wall Street Tool

PORTLAND, April 10.—(P)—James E. Van Zandt, commander-in-chief of the Veterans of Foreign Wars, termed the newly-formed Veterans of Future Wars "just an offspring of the National Economy League and a tool of Wall Street."

"A bunch of millionaires is trying to reduce taxes, and they're going about it by trying to reduce veterans' expenses," Van Zandt said in an interview.

"If these college boys want to abolish wars, they should join us in trying to put through congress an iron-bound, fool-proof neutrality law," he commented.

Van Zandt is en route to Japan.

### Republicans Shun Endorsing Tariff

WASHINGTON, April 10.—(P)—Surprised republican congressional leaders for the most part spurned promptly today a challenging suggestion from the republican chairman of the United States tariff commission that the 1936 G. O. P. platform endorse new deal methods of tariff making.

Chairman Robert Lincoln O'Brien, appointed by Hoover and reappointed by Roosevelt, proposed that his party approve the Roosevelt reciprocal trade treaty plan of bargaining with other countries for tariff concessions. He announced he would fight for such action at the republican national convention in Cleveland.

Quickly Representative Treadway, ranking republican of the house ways and means committee, let it be known that if he has his way O'Brien will not be given so much as a hearing. Others were equally emphatic.

### Farmer Held For Death of Mother

CHEHALIS, Wash., April 10.—(P)—First degree murder and arson charges were filed today against Dewey Jerrrels, 35, Mosyrack rancher, accusing him of slaying his mother, Mrs. Margaret Jerrrels, 75, and burning her house to destroy the body March 31.

His housekeeper, Mrs. Gladys Stubbs, 30, was held as a material witness.

### Jerusalem Filled With Worshippers

JERUSALEM, April 10.—(P)—Jerusalem's temple area was crowded tonight with pilgrims observing the Passover and Moslems celebrating the feast of Nebimusa.

### Easter Events at Rome Symbolical

ROME, April 10.—(P)—The unusual spectacle of decorous, black-garbed priests banging their prayer books violently on their kneeling benches in Peter's climaxed Rome's Good Friday observance.

The din which the clergy created was part of a traditional rite symbolizing the confusion of nature at the death of Jesus Christ. It occurred at the conclusion of the mourning services conducted by Eugenio Cardinal Pacelli, papal secretary of state and high priest of St. Peter's.

Pope Pius was in profound retirement in his apartments, commemorating Christ's death.

Elsewhere in Rome's many churches similar services were conducted. At sunset those churches which bear the name of the virgin Mary held the "desolata" ceremonies dedicated to the grief of the virgin mother as she stood at the foot of the cross.

### Candlelight Service on Good Friday Is Held at Jason Lee Church Here

Commemorating the crucifixion of Christ, an impressive candlelight Good Friday service took place last night at the Jason Lee Methodist church. Rev. Lynn Wood spoke briefly on the theme, "Commend My Spirit."

The service included two of the most sacred of the sacraments of the church, baptism and the communion service. Sixteen people were baptized and 25 received into full membership in the church. The young people's choir sang "Ashamed of Jesus," by McPhail.

### Sinclair Bids For Townsend Backing

LOS ANGELES, April 10.—(P)—Upton Sinclair projected into the national political campaign tonight a plan by which he said supporters of production-for-use for the unemployed might be able to join forces with Townsend old age pension plan advocates.

Recalling that he proposed \$50 a month as the maximum feasible pension nearly three years ago, Sinclair suggested a conditional one-year trial of \$200 a month as a compromise.

He intimated, however, that he considered \$50 a month the maximum feasible amount for old age pensions.

Sinclair outlined his coalition plan in a radio speech on behalf of the production-for-use delegation late seeking to represent California at the democratic national convention. The state will appear on the May 5 primary election ballot, nominally pledged to Sinclair for resident. He recently agreed to permit use of his name only on condition that the delegation, if elected, would vote for President Roosevelt after the first convention ballot.

### Lottery Schemes Held Fraudulent

WASHINGTON, April 10.—(P)—The Grand National Treasure Hunt, Inc., and the Association for Legalizing American Lotteries, Inc., both operated from New York, tonight were barred from use of the mails on charges of "violating the postal fraud and lottery statutes."

Issuance of a single "fraud order" against the "treasure hunt" and the association by acting Postmaster General William W. Hoes, effective immediately, was the first post office ruling to result from a protracted series of recent hearings on various "contest" organizations.

Early rulings were indicated at the post office on the Golden Stakes Advertising company, of which Alfred E. Smith, Jr., is vice-president and counsel, and on the National Conference for Legalizing Lotteries, Inc., of which Mrs. Oliver Harriman of New York is president. Mrs. Harriman's organization was not charged with fraud, but only with operating a lottery.

The "fraud order" instructed the postmaster at New York to stamp "fraudulent" on all mail addressed to the defendants and return it to the sender.

### Illinois GOP Out To Show Majority

CHICAGO, April 10.—(P)—United at least in enmity to the New Deal, republican candidates in Illinois primary next Tuesday were agreed tonight on one general hope—they hope to see a whitening down of the democratic primary showing to what they regard as normal size.

Two years ago the democrats rolled up a primary strength which for the first time in years topped that of their rivals.

Otherwise, the closing days of the campaign found the republicans battling individually, but not with the vehemence of their democratic fellows.

The chance republicans professed to see to cut down the democratic poll total, spurred a lot of the wheel horses of the party into action. Among them was former Mayor William Hale Thompson. "Big Bill" was campaigning for the nomination for his protégé, Thomas V. Sullivan, for the attorney-generalship, though he has also spoken a good word for the presidential ambitions of Col. Frank Knox of Chicago.

### U. S. Consulate at Santiago Bombed

SANTIAGO, Cuba, April 10.—(P)—A powerful bomb exploded tonight in the doorway of the American consulate here, causing minor damage.

A second bomb went off in the home of Pelayo Reelo, postmaster of the city.

No casualties were reported from either explosion but the city's populace, which had been holding a day-long Good Friday service in which President Jose A. Barnet participated, was terrified.

The main door of the American consulate was damaged. The Bank of Nova Scotia, in the same building, was not affected.

Slightly more than a year ago, a bomb exploded in the doorway of the consulate.

Shortly after the bombings, police arrested the chauffeur of an automobile from which three passengers jumped and escaped as the officers approached.

Police said the car had been stolen from a garage.

### Emmons Tells of Marines Service

Robert Emmons described his two years' experience as first sergeant, company clerk, and camp interpreter in the United States marines, stationed at Haiti from 1920 to 1922 at last night's meeting of the 20-30 club.

The marines were stationed there to protect American capital at a time when the island government was unstable and in debt \$30,000,000, he said. He explained that the Haitians were cruel in their treatment of marines whom they captured, a fact that caused the marines, in turn, to be "hard-boiled," although their activities were often whitewashed at times of congressional investigations.

### Last Rites Held

Tribute was paid throughout the world Thursday to J. Harold Dollar, vice-president of the Dollar Steamship company. Twenty Dollar ships in various parts of the world stilled their engines for five minutes in memory of the shipping magnate, when funeral services were held at San Rafael, Calif.
