## Cyclist Hurlled On Hood of Auto But Is Not Hurt

MONMOUTH, April 20.—A collision early Sunday afternoon at the intersection of Main street with the Westside highway somewhat damaged the motorcycle ridden by Kenneth Hughes of Harrisburg, and a sedan driven by Peter Friesen of Dallas. Friesen and Aron Herrick who were driving east toward Independence struck the Hughes motorcycle, traveling north.

Hughes was unseated, and the impact threw him forward so that he landed on the hood of the Friesen car, and fell off, unhurt. The car then struck and upset the stop sign in front of the Monmouth hotel, and hit a flower box beneath the large front windows of the hotel. The bumper of the car fell off below the windows, but no glass was broken. None of the three young men was hurt. City Marshal Verd Schunk investigated.

Hughes and Friesen concluded their damages were about \$9.50, and as neither had observed the other until they were practically head on, each declared his willingness to stand his own repair bill.

He drove 22 miles after hours... It saved two little boys disappointment Easter morning. The Westcott family lives eleven miles out of town. Once a week—usually on a Saturday—Mrs. Westcott drives in to buy her groceries at a Safeway store. Saturday before Easter, the Westcott boys—Jack, 9 and Tom, 7—rode into town with their mother. They wanted to be sure she bought egg dyes. (Easter egg hunts were a family tradition.) That evening, Mrs. Westcott set about coloring eggs. Then she discovered that the all-important dyes had been left on the store counter. With all stores closed, it seemed the boys must miss their Easter egg hunt. Then Mrs. Westcott answered a knock at her door. Her Safeway grocer stood on the doorstep, the forgotten package of dyes in his hand. To save two boys disappointment on Easter Sunday, he drove twenty-two miles after his day's work had ended. This is a true story. The mother wrote a letter to tell her appreciation of this neighborly act by her Safeway grocer. Only the names of these people have been changed—to protect their rightful privacy.
