

Strength of Scattered Issues Props Wavering Stock Market

Business News Stays Bullish

Few Motors and Rails Go Higher, Lift Average by Barest Margin

NEW YORK, April 24.—(AP)—Revival of strength in scattered issues today provided a proffer as otherwise wavering stock market.

Chrysler, backed by a boosted dividend and the best first quarter earnings in the history of the company, met with buying support throughout. Other industrial specialties and a few rails were also heartened by the continued flow of pleasing industrial news.

There were many backward stocks, however, and the closing tone was irregular, and the closing index was down 2.58 points from 1712.110 shares against 2,171,030 in yesterday's relapse. The Associated Press average of 60 stocks edged up .1 of a point to 69.5. On Thursday this index dropped 1.8 points in the worst break since July 26, 1934.

Shares of Chrysler, pushed up to 100, slipped back and then firming to close at the top for a net gain of 2 points. Union Pacific advanced 2 1/2, at 120 1/2. Gainers of major fractions to a point or more included Santa Fe at 74.

Rossman Opinions Masterly, Report

The honor of being adjudged one of 23 judges who made a practice of "writing masterly opinions" is paid Judge George Rossman of the Oregon supreme court in an article appearing in the Journal of the American Bar association. The author, John H. Wigmore, dean emeritus of Northwestern university law school, studied opinions on evidence law written from 1925 to 1932 in 15 states. He writes:

"The number of judges habitually writing masterly opinions in the various supreme courts, in the period studied, was refreshingly large, and should renew and increase our respect for the bench," he wrote.

"There are of course many able judges to whom no opportunity fell for writing opinions on the branch of law here surveyed. But honor to whom honor is due; and it seems appropriate to note the names of those who had the most frequent opportunities to make valuable contributions in their opinions."

The only other western jurist honored with Judge Rossman is Judge Blume of Wyoming.

Brooder Opened With 2500 Poults

TURNER, April 24.—The Walter Meyers big turkey brooder was opened for business this week, with 2500 poults brought from the hatchery, with a like number to be added soon. Thousands of young turks have been brought direct from incubators to the large modern brooder in the last five years.

Mr. and Mrs. Meyers, once residents of near Turner, moved from their turkey ranch between Marston and Jefferson last fall to their new home near Perrydale, where a large acreage is devoted to growing crops for feed.

They have had good success in their business; at the peak of the laying season they have 1000 eggs daily. Their shipments of eggs and poults go as far as the mid-western states.

Democrats Lose, Wheeler County

Increased registrations for the primary election were reported by Morrow and Wheeler counties which reported to the secretary of state Thursday. Wheeler county reported a loss of five democratic voters. The comparison of registrations for 1934 and for this year follow:

Morrow county—republicans 1562, compared to 1481 in 1934; democrats 588, compared with 571; totals 2150, compared to 2151.

Wheeler county—republicans 1275, compared to 1197; democrats 318, compared to 323; totals 1593, compared to 1520.

Wheat Higher But Irregular

Promised Rain Fails But Cooler Temperature Helpful to Crop

CHICAGO, April 24.—(AP)—Perseverant drought of moisture in domestic winter crop territory southwest and west did much to bring about an irregular upward trend of wheat prices today.

A complicating factor was that cooler temperatures are forecast in Kansas and Nebraska, a condition favorable to the winter wheat crop as long as moisture remains deficient. On the other hand, advices relating to crop prospects in wide areas of the winter wheat belt continued to emphasize drastic need of heavy rains.

Wheat closed nervous, 3/4-1% above yesterday's finish. May 1936 wheat, July 9 1/2-9 3/4, corn 8 1/2 off to 8 1/4. May 1 1/4-1 1/2, oats unchanged to 1/4 lower, and provisions unchanged to a rise of 10 cents.

Corn, oats and rye were minus agricultural support. Provisions reflected hog market firmness.

Business Brisk in L.A. Says Cooley

Business is brisk in southern California. On every hand are evidences of revived trade and merchants are uniformly reporting large gains over the depression period. This word was brought back to Salem yesterday by Ralph Cooley, manager of Christian Science, and returned from a 10-day's trip south. Mrs. Cooley and their children, Richard and Margaret, accompanying them.

While in Los Angeles, Mr. Cooley bought extensively for the store here. Hollywood is still the style center of the west, he pointed out, and clothes there manufactured are being sold throughout the nation as rapidly as they can be produced.

Mr. Cooley visited many men's stores on his trip. He said Bullock's store on Wilshire boulevard was the finest of its type in the west.

Portland Utility District Planned

The non-partisan progressive union of Portland started circulation of petitions Thursday preliminary to formation of a Multnomah county peoples utility district. The district would be similar to others now before the state hydro-electric commission.

The district would authorize the purchase, transmission and distribution of Bonneville power. Assessed value of the district is \$281,395,535, and the population to be served 391,815.

New Clip Awaited By Wool Traders

Worsted Market Lags But Europe Trend Better; Shearing Is Late

BOSTON, April 24.—(AP)—The Commercial Bulletin will say tomorrow: "While there is a little business still reported in the woolen end of the market, the demand for worsted wools still lags and with no basis established for the new season, all branches of the trade are inclined to await developments in the new clip."

"Shearing in the west has been further delayed by very unpropitious weather, heavy losses of early born sheep having been suffered in some sections."

"Foreign markets are a bit firmer again, Bradford and the continental markets having done a fair business, more especially in the finer counts."

"Piecegoods markets are slower, with little in the way of new business reported in an line. Manufacturers are fairly busy still on old orders, against which they are generally well covered."

"Mohair is firm. Some buying in Oregon is reported at up to 45 cents for adult."

The Bulletin will publish the following quotations:
Scoured basis:
Oregon: Fine and f. m. staple 85-88c; fine and f. m. clothing 79-80.
Mohair: Oregon, 55-57.

Santiam Pass to Be Opened Early

PORTLAND, Ore., April 24.—(AP)—The state highway commission tonight followed recommendations of Eugene and Bend business men and decided to open the Santiam highway summit detour around the snow-blocked McKenzie Pass summit.

Engineer Baldoack said the cost to the state would be negligible, and the forest service would cooperate by clearing and repairing the top portion of the road. From 10 to 15 feet of snow blocks much of the McKenzie Pass summit, where a large part of the Santiam Hogs Pass route already is clear.
