How to Select Good Meat

It takes the eye of an expert to look at a piece of meat and tell whether it will give satisfaction. We claim the way to select good meat is to select a good market. The way to select a good market is to come to the MIDGET. Every day is "special" day here.

Our everyday meat displays will back up every nice thing we say about our meats. We want you to see them—you be the judge. Why go on paying more, when a trial will prove our claims.

Loin Chops	SAUSAGE	Ground Beef	Pure Lard
23c lb.	20c lb.	15c lb.	4 lbs. 39c

YOUR GOOD SENSE WILL TELL YOU that it isn't likely that a butcher will remove the bone, gristle, and waste from beef or pork, grind it, then sell it at a less price than the original cost. Our ground meats are prepared as you would do it yourself. They cost a trifle more than some. Worth a lot more.
