## Pattern

By ANNE ADAMS  
Laced shoulders? Of course! And trust Anne Adams to incorporate this last word in smartness in her newest of snappy sports frocks, which may be worn on many occasions throughout the summer. Of basque effect is the rounded skirt yoke, this line also followed out in the curved shoulder yoke which continues right down the short cool sleeves. Plenty of bodice fullness, too, made by gathers of the blouse at the yoke, while the center skirt panel contributes its share to the graceful flare. This bright and refreshing model would be very good in any of the gay new cottons—try plique, linen, crash, or sports silk.

Pattern 2623 is available in sizes 12, 14, 16, 18, 20, 22, 24, 26, 28, and 30. Size 16 takes 2 1/2 yards 36 inch fabric. Illustrated step-by-step sewing instructions included.
