

Teachers Make Summer Plans

Travel, Study Are Among Vacation Ideas at Silverton

SILVERTON, May 21.—Summer plans of Silverton high school teachers are proving to be numerous and interesting. Miss Ruth Vance will go to the Hawaiian Islands for the summer and return to Roseburg to teach in autumn.

Miss Ruth Elliot will spend at least a part of her vacation at her home in Portland. Miss Ethel Hardie has endorsed the plan, "See Oregon First," and will spend the month of June on a motor trip attempting to cover the entire state.

Herman Kramer, principal of the senior high school, will take a trip to the Wallowa mountains and then return to the University of Oregon to work on his thesis for his master's degree.

Miss Lucy Howe will also attend the summer school at Oregon. Miss Esther Wilcox has a scholarship from the Carnegie Grant and under the supervision of Dr. Eugene Gustaf Steinhof, director of the Vienna National school of decorative art, will study at the University of Oregon.

Going to Arizona

Miss Esther Burch will go to Arizona to attend the university for the summer. Miss Dorothy Atwood will go to San Francisco for a week and then return to Corvallis for summer school.

Stephen Butler will go to Vancouver for a short time and then return to his home in California for the remainder of the summer.

William Gies plans to spend his summer at his home here. Warren Crabtree will make a summer of research connected with Oregon State college. Wallace Cochran will remain in Silverton for the summer, with the exception of encampment with the National Guard.

Guy DeLay will take a summer course at Oregon State on architectural landscaping.

Many Inquiries On Oregon Come

Approximately 22,250 inquiries have been received by various state agencies, as the result of a recent publicity campaign conducted by the Oregon state highway commission, Governor Martin was advised Thursday.

The campaign had to do with Oregon's recreational and scenic resources.

Eight thousand of these inquiries were received from persons who visited Oregon last year and expect to return here in 1936.

Scott Successor Will Be Elected

A meeting of the Umatilla county court has been called for next Wednesday, to elect a successor to the late James H. E. Scott, who died recently.

Scott served in the lower house of the state legislature, but was not a candidate for reelection.

Scott's successor will be named so that Umatilla county would be represented in event of a special legislative session.

Greater Support For Development Of Valley Is Urged; Dr. Stewart Speaks on Inflation For Chamber

SILVERTON, May 21.—That the Willamette Valley Development League is not getting sufficient support locally was the theme of a number of reports given at the Silverton chamber of commerce Wednesday May meeting night. George Hubbs explained that three new families had already come to Silverton through that quarter, but that unless Silverton raised her quota she would be cut off from it. George Hubbs, Silverton's chamber secretary, urged business men to get behind the league and support it.

Mrs. C. J. Schlador, president of the Silverton group, appointed Earl J. Adams to handle the newspaper publicity locally for the Development league.

Dr. P. A. Loar, reporting on the roads committee, said that some misunderstanding had arisen between Silverton and Mt. Angel about a letter he was supposed to have written saying he was "not interested" in the improvement of the Mt. Angel road. Dr. Loar stated further that he never written any such letter and that he had never even had such a thought as he was interested in all roads. Members of the Silverton group expressed the opinion that Mt. Angel and Silverton should cooperate in this end of the county.

Mrs. Schlador reported that two tree surgeons had been at the Silverton park recently looking over the trees which allowed indications of being diseased. The surgeons reported that some of the trees were infected with pine beetle and that these trees should be cut out and burned or the entire park would go and the infection could spread to oak trees as well. Mrs. Schlador further explained that there was a clause in the park deed which forbade cutting any trees. However, she reported further, that the situation would be investigated.

Henry Alm, chairman of the visitation committee reported that Silverton chamber had made a large number of visits during the winter. It was estimated that over 10 had been made to rural community clubs and that programs had been given at these by the Silverton group. He expressed thanks to the music department of the school for furnishing so many numbers.

Errol Ross, chairman of the luncheon committee reported that the June meeting would be held at the Silverton Hills community club at the same price and that dinner would be served at 7 o'clock.

Earl J. Adams, chairman of the program committee, introduced the speaker, Dr. Blair Stewart of the economics department of Reed college, who talked on "The Possibilities of Inflation in the United States." He explained inflation as "an increase in prices accompanied by an increase of amount of money in circulation." He spoke of the general belief that inflation can come only through an act of congress to print more money as a fallacy. The expanding of the banking system, he said would cause inflation. The inflation we have had so far, Dr. Stewart blamed to the government's borrowing.

"If the people are saving as much as the government is borrowing and the government borrows direct from the people's savings no inflation occurred," he explained. "But the government cannot continue to borrow money at the rate it has been without inflation. If the banking system expands to its limits we would have wild inflation."

4-H School Will Attract Over 50

Final Checkup on Number From Marion County Is Planned by Harding

Marion county's delegation to the annual 4-H boys' and girls' summer school at Corvallis June 8 to 20 will be at least as large as the 1935 attendance, when 50 youths went from here, Wayne Harding, county club leader, believes. A final check-up on the number going from this county is now being started.

Because a record attendance is expected at the 4-H session in Corvallis, State Club Leader Seymour has asked that no club member be sent from this county who is under 14 years of age unless he or she is the winner of a scholarship provided by state, county or community fair or some organization. Mr. Harding has relayed this word to all club leaders in this county.

All delegates to the session are urged to arrive on the state college campus Sunday, June 7, so organization work may start promptly the next morning.

Harding has also instructed local leaders that no boy or girl is to attend the summer school if he or she has had the slightest chance of being exposed to a contagious disease.

Oiling of County Road Will Be Discussed by Farmers and Merchants

JEFFERSON, May 21.—The Jefferson Better Business club held its regular meeting Tuesday night in the club rooms. It was decided to hold the celebration for the formal opening of the re-

frigeration plant Wednesday, June 10. Street carnival attractions will be featured. There will be a special meeting Tuesday night when the Talbot Farmers' Union will be present, to discuss the possibilities of oiling the Jefferson-Talbot road.
