Bids For Silvertown Bank Building Are Rejected But Hope Is Held For Higher Offer by Next Monday Morning

SILVERTON, June 3.—"Who got the First National Bank building?" is the question before Silvertown at the present time. Little else is talked of. According to C. C. Bryant, in charge of the receivership here, no one did as yet.

Bids on the building were opened at Portland Monday. However, none were accepted. It is hoped that a higher bid will be received this week. The matter will be settled next Monday morning at 10 o'clock at Portland.

Mr. Bryant also reported on his weekly visit here Tuesday.

that the receivership had a clause in the bill of sale whereby it would retain office space, rent free, as long as it was needed to clear up remaining business of the defunct bank. This will still take several months, according to Mr. Bryant.

Rumor at Silvertown has it, following the opening of the bids, that the building will not long stand idle. The part which was being used by the bank is to be turned into offices, if certain bids are accepted, and some of Silvertown's substantial office holders will move around a bit.

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief Of Pain

The kidneys are one of Nature's chief ways of taking the acids and waste out of the blood. If they don't pass 3 pints a day and so get rid of more than 2 pounds of waste matter, your 15 miles of kidney tubes may need flushing.
