# DON'T TREAT CONSTIPATION\*

Poor Health May Be the Price of Neglect

Too many people dismiss common constipation as a matter of no great consequence. Yet this condition causes discomfort, and may lead to headaches and loss of appetite. When it is allowed to continue, it may lower your resistance, and so increase your chances of catching a serious illness.

Common constipation often de velops when you eat meals that lack sufficient "bulk." Your system fails to get needed internal exercise. Fortunately, today, you have a generous source of effective "bulk" in Kellogg's ALL-BRAN.

Within the body, the "bulk" in ALL-BRAN absorbs moisture, and forms a soft mass, which gently cleanses the system. This natural laxative food also supplies vitamin B and contains iron.

Serve ALL-BRAN as a cereal, with milk or cream, or cook into muffins, breads, etc. Two tablespoonfuls daily are usually sufficient. Stubborn cases may require ALL-BRAN oftener. If not relieved this way, consult your doctor. ALL-BRAN is guaranteed by the Kellogg Company as an effective axative food for constipation."
