Pattern

By ANNE ADAMS You'll find out—if you haven't already—that when Anne Adams designs a frock, it's certain to be the last word in smartness and over so easy to make—and this holds true to this delightful afternoon style, Pattern 4052! There's a bit of the unusual about the cool sleeve or you may omit it, cut a cuff-effect and wear the sleeve a trifle shorter if you like. The yoke is clever, too, and most becoming cut on rounding lines, while the simple bodice provides shapely fit with generous gathers. How would you like it in dainty dotted swiss, percale, pique, crepe or linen? Each one's ideal, especially if a novel buttons are chosen in a contrasting color.

Pattern 4052 is available in sizes 12, 14, 16, 18, 20, 30, 32, 34, 36, 38, 40 and 42. Size 16 takes 3 1/2 yards 36 inch fabric. Illustrated step-by-step sewing instructions included.
