## Wheat Climbs At Liverpool

Close at Chicago Is Above Previous Day's Figure Despite Tumbles

CHICAGO, July 31 .- (AP)-Spectacular price advances followed by a sweeping late reaction made grain markets a pandemonium to-

The outstanding new development was more than 5 cents a bushel increase in wheat quotations at Liverpool, although it was the fifth successive day of recordbreaking upturns there. Simultaneously, starting cables were at hand saying that because of a wet harvest Europe's wheat crop this season is expected to be the scantlest in years.

Buying stampedes that ensued whirled all grains and provisions in Chicago to above peaks unreached before in some cases since 1929, wheat and corn each up virtually 4 cents a bushel over-

Sudden setbacks from the day's top prices came almost unwarned as the day approached an end, with wheat in particular tumbling fast, overwhelmed by a tremendous rush of selling to realize profits. Nearly all of the days' advances in wheat were thus wiped out, but corn gains were slashed only about half.

Relative late strength of the corn market was accounted for by indications that Europe would compete sharply with this country for corn from Argentina, and that the United States would likely find but limited amounts of corn available for import.

Wheat closed flurried, 14-% of a cent above yesterday's finish, Sept. 110%-%, Dec. 1114-%, May 112 1/2- 1/4; corn 1 1/2-3 1/4 advanced, Sept. 110 1/4- 1/4, Dec. 93-%-%, May 93-93%; oats 3/8-1% up, Sept. 40%-%, and rye at 1/6-1/4 gain. The provisions outcome was unchanged to a bulge of 15

For the most part, provisions took their cue from corn.

### East Side Market Tone Is Improved Extras

PORTLAND, Ore., July 31-(AP) -An improved tone showed today in the East Side Farmers' Wholesale market. Offerings were not liberal as usual for Friday, which normally is the biggest day in the week.

Tomatoes reflected the general improvement. Offerings were liberal but The Dalles interests appeared to have been well organized and sold up to 70c box for is even though Wapato and Yakima interests sold as low as 50c. There was likewise a better

feeling in cantaloupes with the first full truck load in from The Dalles and prices up to \$1.25 crate. Yakimas were up to the same price in small lots. Peach trade was considered favorable with practically no change

in the price list, Beans continued slow but trading was up to 2c in spots. Cabbage boomed up to \$2 crate,
