

Crop Damaged Beyond Recovery; Prices Climb

Up Four Cents As Day Closes

Six Chief Producing Areas Hard Hit; Wheat Rise Blocked by Sales

CHICAGO, July 30.—(AP)—Alarm resulting from official statements indicative of widening disaster to the nation's corn crop whirled the corn market 4 cents a bushel skyward today.

In six of the largest producing states—Iowa, Nebraska, Kansas, Missouri, Oklahoma and South Dakota—it was announced that the corn crop has been damaged beyond recovery. Moreover, Secretary of Agriculture Wallace was quoted as suggesting likelihood that the country's 1936 total yield of corn will be the smallest in more than half a century, amounting to less than 10 billion bushels, whereas 2,000,000,000 bushels are needed.

Closes At Top

Corn closed strong at the day's top level, the highest point reached in six years, 3 1/4-1/8 above yesterday's finish, Sept. 9, Dec. 9, 9 1/4, May 11 1/4, 11 1/8-1/4, 11 1/8-1/4, May 11 1/2, Oats 1 1/4-1/8, and rye showing 2 1/4-2 7/8 bulge, Sept. 7 7/8. The outcome in provisions was unchanged to a jump of 3/8 cents.

Advances of wheat were more or less retarded by heavy profit-taking sales, but corn kept aimed for the south despite all hindrances either from profit-takers or anything else.

Rye was strengthened by its relative cheapness as a feed grain. Farmers were reported as more tenaciously holding out.

Provisions mounted with grains despite setbacks of hog values.

East Side Market Is Notably Active

PORTLAND, July 30.—(AP)—Most of the farming population tributary to the east side farmers' wholesale market apparently was awaiting Friday to come to town for today's offerings were rather limited but an active market was shown with some slight improvement in prices.

There were few berries to offer toward the end of the session and prices were maintained. Cantaloupes sold 10-15c crate better with \$1.25 paid for the best. Apples were a trifle slow but without further price change.

More activity appeared for potatoes at northwest primary points and some advances were made. Locally the movement is good but prices are unchanged.

Local peach trade is active for home grown early varieties but there is little keenness in call for Californians although J. H. Hiale is moving fairly well around \$1.05-1.15.

Loughran Granted Draw With McCoy

MONTREAL, July 30.—(AP)—Tommy Loughran, veteran Philadelphia heavy weight, last night long enough to gain a draw with Al McCoy, the French-Canadian from Boston, in a stirring 12-round bout here tonight.

A rally in the two closing rounds, after McCoy's body attack had him in trouble in the ninth and tenth, saved the even break for the former world's light-heavy weight champion.

Bleeding from his nose as early as the second round, and cut under the left eye in the ninth by one of a series of hard right hand smashes, Loughran pulled out of danger by bringing all his ring craft into play, and in the 12th was trading punch for punch.

Steel Outlook Prompts Rally

Specialties Singled Out For Advance; Average Lifted .2 Point

NEW YORK, July 30.—(AP)—The steel market sat up today and took a little recovery nourishment. While the list continued to cope with profit-taking in many departments, an early rally in yesterday's heavy steels and motors brightened the horizon for bullish forces, and several first-class transactions, alcohol, amusement, rubber, rail and specialty issues were singled out for buying attention.

Report Looks Better

Improvement in the steels was attributed to further study of the U. S. steel report and the general conclusion it was much better than anticipated at first glance. After the close Bethlehem released its second quarter statement disclosing the best net for any period, with one exception, since 1930.

Stocks ahead fractions to 2 or 3 points. Steel at \$6-8 1/8. Bethlehem at 55 1/2. General Motors at 70 5/8. N. Y. Central at 41, and Great Northern at 41.

Among lesser losses were J. I. Case at 164 1/2, and International Harvester at 83.
