Rating as Campers Given; 19 Win Honor Court Awards as Well

Every one of the 34 boys who returned from the final period of the Cascade Boy Scout camp at Pine Lake Sunday earned a camper's rating and 19 were awarded court of honor advancements Sunday afternoon, Scout Executive James E. Monroe announced yesterday.

The new camp located proved ideal, Monroe said. The lake was excellent for swimming, a good, cool water supply was obtained from a well tapping underground springs, and the camp site was in approximately the center of an 80-mile circle which offered the boys interesting hikes in any direction.

During each camp period group hikes were made, according to experience of the boys, to Marion lake, to Three Fingers Jack and to Mt. Jefferson. The main peak of Three Fingers Jack was not scaled because of the danger and the only boys permitted to climb the Mt. Jefferson pinnacle were those who had their parents' consent.

A campers' reunion for boys who attended camp this summer, their fathers, and "buddies" who did not attend, probably will be held in November, Monroe said.

Celery Shipment Heavy at Present

Carlot shipments of Oregon celery are going out at the rate of two and three cars a day, Ronald Jones of Brooks reported yesterday. Price for the crop now stands at \$1.50 a crate, which is considered good for summer deliveries. The price range this year has run the scale from \$1 at the beginning of the season to \$2.25 a few weeks ago. Heavy deliveries of Michigan celery have cut down the demand for Oregon shipments.

Quality and quantity of the crop is good this year, Jones reports. The yield is said to be coming a little faster than usual for this time of the season, he says. There have been 90 cars of celery shipped from the Lahvis section since the start of the harvest.
