Farm Machine Shares Higher

Spread Some Enthusiasm; Gains Are Irregular And Well Limited

NEW YORK, Aug. 4.—(AP)—Last-minute buying of farm shares today spread a mild glow of enthusiasm over the stock market but the list was able to manage only irregular and limited gains.

Reports from the drought regions that crop deterioration might be checked in some sectors provided a background for the buying of farm implements, brokers said.

Case led the pack, jumping 7 points to 163. International Harvester at 82 1/2 and Deere at 77 1/2, had gains of 1 1/2 and 2 1/2, respectively.

With the exception of late bidding in some aircrafts and the farm stocks, buying lacked punch, however.

A drag on market sentiment from the start, some commentators said, was the disappointment of some in Wall Street who had looked for a more generous dividend disbursement yesterday by General Motors. The shares, among the most heavily traded, closed down 3/4 at 69 1/2.

Measured by the Associated Press average of 60 shares the stock market was up 2 to 67.9. Transactions totaled 1,949,230 against 1,035,739 on Monday.

Record Price for Cabbage Reported

PORTLAND, Aug. 4.—(AP)—Record prices for cabbage are appearing in vegetable markets here, with sales by wholesalers generally at 4 cents a pound and supplies considerably below demand.

The first early Crawford peaches of western Oregon were expected to reach market late today, priced around 90 cents.

Roads' End peas again appeared in the trade, going to retailers around 7c a pound.

Cantaloupes ruled easy in the east side farmers wholesale market, but watermelons were firm. An easier feeling appeared for berries, with raspberries down to \$1.50 and blackberries selling at 80-85c.

In the late session, tomatoes sold off to 40c for 1s with small lots holding up to 60c. Apples were dull and considerable stock remained unsold.

Green beans, reflecting only a fair supply, were up to 3c a pound for green and wax stock.

Cantaloupes were a trifle better in spots with sales mostly \$1 bit in spots \$1.10.

Continued liberal demand is showing for Oregon early peaches with Altona continued general around 60c top.

Cabbage market was firmer to higher at \$2-2.75 crate; the latter for fancy quality. Red at \$1.75 pony crate.
